

**Katy Independent School District**  
**Cimarron Elementary School**  
**2022-2023 Campus Improvement Plan**

# Mission Statement

Cimarron is committed to creating a community of life-long learners by providing a challenging, safe, nurturing, and respectful learning environment that is designed to serve and support all students as they become creative, independent, critical thinkers.

## Vision

The staff and students of Cimarron Elementary are working together to provide a safe school where all individuals are welcomed, respected, valued, and encouraged to become empowered participants of a learning community. Problems are approached with a positive, respectful, solution-based mindset. All staff and students are held to a high standard and given the tools to achieve excellence.

## Motto

Our time to shine!

# Comprehensive Needs Assessment

Revised/Approved: June 24, 2022

## Needs Assessment Overview

### Needs Assessment Overview Summary

### Needs Assessment Overview Summary

The following data points were reviewed with the Campus Advisory Team during the June 2022 meeting to determine the 2022-2023 focus areas:

#### Improvement Planning Data:

- District goals Campus Performance Objectives Summative Review from previous year
- Current and/or prior year(s) campus and/or district improvement plans
- Campus and/or district planning and decision making committee(s) meeting data
- State and federal planning requirements

#### Student Data: Assessments

- State and federally required assessment information (e.g. curriculum, eligibility, format, standards, accommodations, TEA information)
- State of Texas Assessments of Academic Readiness (STAAR) current and longitudinal results, including all versions
- STAAR Released Test Questions
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Student failure and/or retention rates
- Running Records results
- Observation Survey results
- PreKindergarten Self-Assessment Tool
- Grades that measure student performance based on the TEKS

#### Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance and rates of progress between groups
- Special programs data, including numbers of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged/Non-economically disadvantaged performance and participation data
- Male/Female performance, progress and participation data
- Special Education/Non-Special Education population including discipline, progress and participation data
- Migrant/Non-Migrant population including performance, progress, discipline, attendance and mobility data
- At-Risk/Non-At-Risk Population including performance, progress, discipline, attendance and mobility data
- EL/Non-EL or LEP data, including academic achievement, progress, support and accommodation needs, race, ethnicity and gender data
- Section 504 data
- McKinney-Vento Act data

- Gifted and Talented data
- Dyslexia data
- Multi-Tiered Systems of Support (MTSS) student achievement data

#### **Student Data: Behavior and Other Indicators**

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

#### **Employee Data**

- Professional Learning Communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- T-TESS data

#### **Parent/Community Data**

- Parent surveys and/or other feedback
- CAT Member Feedback

#### **Support Systems and Other Data**

- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

After looking at many pieces of data it was determined that the four highest leverage areas for the 2022-2023 school year are as follows: social/emotional learning, reading, math and science. Goals and needs were set for each of the focus areas and targeted strategies were developed and outlined in the campus improvement plan. In order to monitor progress towards meeting the goals, the Campus Needs Assessment and Campus Improvement Plan will be reviewed and revised throughout the year by the Campus Advisory Team on the following dates: October 18, 2022, December 6, 2022, January 31, 2023, and April 11, 2023. A priority is to communicate campus needs with all families and community members. This will be accomplished by making the Campus Needs Assessment, Campus Improvement Plan and Parent/Family Engagement Policy and Compact available to all stakeholders in both English and Spanish. These items will be placed in the lobby of Cimarron Elementary and on the campus website. The locations of the documents will be communicated to Cimarron parents during the annual Title I Meetings and through campus eNews.

# Demographics

## Demographics Summary

### Student Demographics

Cimarron Elementary is a neighborhood school established in 1980. The campus provides education for 600+ students from Pre-Kindergarten through 5th grade, including Emerging Bilinguals (EB) and Early Childhood Special Education (ECSE). According to the our most recent data, our demographic breakdowns for the past 5 years are as follows:

	2017 - 2018	2018 - 2019	2019 - 2020	2020 - 2021	2021 - 2022
Enrollment #	654	624	631	610	606
Race/Ethnicity %					
Hispanic	34.1%	36.1%	38.5%	35.6%	34.9%
African American	10.2%	9.5%	9.7%	13.4%	15.6%
White	46.6%	45.8%	40.4%	39.8%	37.9%
Asian	3.1%	1.9%	3.8%	3.4%	3.8%
Two or More	5.8%	6.6%	7.6%	7.7%	7.3%
Pacific Islander	0%	0%	0%	0%	0%
American Indian	0.2%	0.2%	0.3%	0%	0.3%
Student Groups %					
At Risk	47.9%	49.8%	45.3%	40.2%	44%
Eco Dis	41.7%	45%	46.4%	51.3%	61.1%
SPED	14.5%	18.4%	19%	22.0%	20.0%
Emerging Bilingual	12.7%	12.7%	13.9%	13.6%	12%
GT	--	--	2.2%	2.1%	2.7%

Our enrollment at the campus continues to shrink over the past few years. Our ethnic demographics have remained stable over the past few years, but our student groups have experienced some changes. Specifically, our economically disadvantaged percentage of students continues to climb, while our At Risk population has decreased. Our mobility rate for the 2019-2020 school year had decreased from previous years to 13.9%, which is above the district (9.9%) and at the level of the state average (13.8%).

### Staff Demographics

Our teaching staff is 93.3% female (42 females and 3 males) which is well above the district and state average. Our teaching staff is 22.4% African American, 6.7% Hispanic, 64.2% White, and 6.7% Asian.

Cimarron considers it a high priority to attract and hire highly-qualified teachers through the district job fair, personal connections, and other opportunities. New teachers are supported through multiple new teacher programs at both the district and campus level. New hires are supported by the district with district level training in August in addition to the regularly provided campus-based trainings led by the instructional liaison. New teachers are provided with PBIS, campus procedures, and technology training prior to the school year. Each new teacher is given a mentor to support them throughout the year by guiding them to resources and answering their questions. Our Instructional Liaison holds monthly meetings to provide on-going support and schedules opportunities for classroom observations of peers to meet individual teacher needs for continued growth.

## Demographics Strengths

Cimarron Elementary has many strengths. Some of our most notable demographic strengths include:

1. We are a neighborhood campus that is well established with a rich and strong family history. Many of our parents were Cimarron students as children. Our families value education, and we have families who are actively involved in their children's education. We know this as our attendance at family engagement events and PTA events is high. Our families have shared that the campus is welcoming to new students and families given its size as students know all teachers and it's very comfortable.
2. Our campus represents a diverse population for Katy ISD. Cimarron is growing in its diversity and, as a result, becoming more reflective of society as a whole. Cimarron students are developing basic but enduring skills of collaboration, teamwork and acceptance regardless of race, ethnicity, or ability.
3. Our attendance rate continues to climb. In the 2019-2020 school year, we averaged 98.8% attendance. Our Cheetahs love attending school!
4. Our mobility rate has decreased in recent years, allowing us to form relationships with students to better meet their academic needs throughout the year. This also allows us to form relationships with families, and even extended family, in our community. Our families move to the Cimarron area seeking excellent education, and when they attend our school they find not only an amazing educational opportunity but a loving family atmosphere.
5. Almost 50% of our teaching staff has more than 6 years of experience. Specifically, 36.8% of our teaching staff has more than 11 years of experience. Our teachers are invested in education, and their love for children is evident.

## Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** Only 2.7% of students enrolled at Cimarron are identified as being GT. **Root Cause:** Teachers and parents need more information about understanding how to identify the characteristics of a GT student in economically disadvantaged and at-risk conditions.

**Problem Statement 2 (Prioritized):** The needs of our students are changing as our percentage of economically disadvantaged students increases. We need to ensure that we are meeting the needs (academic, social and emotional) of our changing demographics. **Root Cause:** Our staff needs strategies and tools to effectively implement instruction for a diverse population to meet individual student needs - both academically and social-emotionally.

# Student Learning

## Student Learning Summary

All schools in Texas must meet standards and receive an A-F overall rating based on data from three domain areas. For the 2019 Texas Accountability Rating (which is the most recent due to COVID), our campus met all three targets of state accountability:

Domain 1 – Student Achievement – 79

Domain 2 – Student Progress – 75

Domain 3 – Closing the Gaps - 79

The above scores resulted in Cimarron Elementary receiving a 2019 Texas Accountability Rating Met Standard rating, with an overall letter grade of "C". Unfortunately, we currently hold no distinctions.

We were proud to have met the state standard in 2019. However, there is much more work to be done. As seen below, our state assessment scores for all grade levels show the percentage at Approaches, Meets and Masters Grade Level standards:

Grade and Subject	Year	Approaches		Meets		Masters	
		District	Campus	District	Campus	District	Campus
Grade 3 Reading	2022		84%		57%		34%
	2021	85%	78%	58%	39%	33%	22%
	2019	89%	81%	61%	44%	41%	26%
Grade 3 Math	2022		70%		33%		15%
	2021	80%	62%	49%	25%	27%	8%
	2019	88%	86%	62%	52%	37%	26%
Grade 4 Reading	2022		83%		60%		29%
	2021	81%	79%	56%	58%	32%	23%
	2019	88%	78%	62%	48%	36%	20%
Grade 4 Math	2022		65%		29%		11%
	2019	78%	73%	59%	45%	41%	13%
	2019	87%	82%	64%	52%	44%	27%
Grade 5 Reading	2022		82%		62%		31%
	2021	88%	73%	66%	43%	49%	32%
	2019	94%	85%	72%	56%	45%	28%
Grade 5 Math	2022		72%		32%		8%
	2021	86%	68%	66%	37%	45%	22%
	2019	96%	90%	73%	52%	53%	24%
Grade 5 Science	2022		62%		29%		14%
	2021	81%	72%	52%	39%	26%	10%
	2019	88%	76%	68%	47%	39%	22%

In our Primary grades, reading instruction is a high priority. According to End of Year Fountas & Pinnell Independent Reading data,

	<b>Above Grade Level</b>	<b>On Grade Level</b>	<b>Below Grade Level</b>
Kindergarten	15%	27%	58%
1st Grade	21%	29%	50%
2nd Grade	21%	39%	40%
3rd Grade	18%	33%	50%
4th Grade	13%	13%	73%
5th Grade	44%	12%	44%

### **Student Learning Strengths**

Student success at Cimarron is attributed to many factors.

1. We have a strong focus on meeting the needs of every student through quality first teach instruction in the classroom. We seek to provide best-practice strategies and structures, and invest heavily in professional development for our teaching staff. In the 2021-2022 school year, we focused on the implementation of the workshop model in all content areas as well as a key focus on small group instruction. This focus led to many wins in all grade levels in the area of Reading, and improvement in math in both 3rd and 5th grade.
2. When students require additional instruction, we provide many different targeted interventions to ensure student success. Students in Grades 1-5 benefit from 45 minutes of PAW Time reteaching or extension intervention for Math and/or Reading, while students in Kindergarten participate in 30 minutes of PAW time. Through state comp ed and federal Title One funds, we employ 2 Title One Teachers and 2 Academic Support teachers who provide direct instructional service to students in pull out intervention. Our ESL and Special Education students benefit from a collaborative teaching model as well as pull out intervention. Our gifted and talented students attend our Challenge program once per week on campus to meet their needs. We also offer before or after school tutorials to students in all academic areas which are funded through General Education, Title One and Title Three funds.
3. Teachers have ongoing progress monitoring structures for ensuring all students demonstrate academic growth throughout the school year.
4. Our campus has three instructional coaches to support teachers in strong curriculum and instruction. One coach focuses on primary instruction, PreK, Kinder and 1st grade. Another coach focuses on 2nd - 5th grade Literacy and Social Studies, and our third coach focuses on 2nd - 5th grade Math and Science.

### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** We are currently slated as a School Improvement Campus. **Root Cause:** Two student groups - White students and Hispanic students - are not performing at expected levels. Our teachers need continued training in small group instruction and differentiating instruction for various student groups.

**Problem Statement 2 (Prioritized):** Our Reading STAAR scores have increased, however there is continued growth needed. We want to see our percentage of students who meet

expected standards in the area of reading increase. **Root Cause:** Quality first teach in literacy along with small group interventions continue to be needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.

**Problem Statement 3 (Prioritized):** Our Math STAAR scores have increased in 3rd and 5th grade, but decreased in 4th grade. There is continued growth needed in all grade levels. **Root Cause:** The impact from COVID continues as we work to fill gaps in learning in the area of math. Quality first teach in math along with small group interventions are needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.

**Problem Statement 4 (Prioritized):** Our 5th grade science STAAR scores continued to decline this year. **Root Cause:** Quality first teach in science along with small group interventions continues to be an area in which professional development and materials, resources and time are needed for teachers K-5. Students need significant opportunities to participate in hands on instruction in the science classroom and to translate those experiences into the classroom, as well as receive targeted vocabulary instruction.

**Problem Statement 5 (Prioritized):** Our special education students are performing significantly below all other student groups in all areas. **Root Cause:** There is a need to provide additional training in differentiated instruction for SPED resource teachers and in class support staff. Also, far too often, students receiving special education services to fill gaps in learning often miss current content instruction, causing them to fall farther behind.

**Problem Statement 6 (Prioritized):** Approximately 50% or more of our students are reading below grade level. **Root Cause:** Students need a balanced approach to literacy, including a focus on phonemic awareness, phonics, vocabulary, fluency, comprehension, and writing. Our classroom teachers need continued professional development to ensure we are meeting our students' literacy needs, while also having access to the most up-to-date resources that support these practices. Our students also need access to books at home.

# School Processes & Programs

## School Processes & Programs Summary

The curriculum, instruction, and assessment focus at Cimarron Elementary is guided by the Texas Essential Knowledge and Skills Objectives (TEKS), the Katy ISD curricular Unit Plans, the Katy ISD Cornerstones, by the result of formal and informal assessments, and by information gleaned through professional development and guidance from our district Assessment office and elementary Lead Teachers. We promote life skills for students including critical thinking, creative thinking, collaboration, communication, information literacy, emotional literacy, problem solving, and social contribution. District unit plans provide teachers with overall summaries, expected number of instructional days, enduring understandings, essential questions, specific knowledge and skills (TEKS), the English Language Proficiency Standards (ELPS), critical vocabulary, the Cornerstone continuum, and sample performance tasks. Instructional guidance is offered, including linguistic accommodations, sentence stems, and resources.

Assessment plays a major role in teacher decision-making and takes on many different forms at CE. Authentic assessments that allow students to demonstrate their learning through performance, products and presentations are used increasingly. District Learning Assessments (DLAs) provide opportunities for "standardized-testing like" opportunities. Campus level disaggregation depends on the plotting of critical skills and expectations at the beginning of each formative assessment period based on analysis of student need and curricular expectations. Each grade level identifies Focus TEKS, through Lead4ward and KISD Assessment office, so that instruction is supported vertically.

Data points collected by teachers include students' work in the following:

- Fountas and Pinnell Assessments
- iStation
- Math Progressions
- DreamBox
- Math Running Records
- TELPAS
- DLAs
- Campus-Based Assessments.

We also rely on primary reading inventories required by the state: CLI Circle progress monitoring for Pre-Kindergarten, TX-KEA for Kindergarten, and TPRI/Tejas Lee for 1st and 2nd Grades (both three times/year).

Bi-weekly grade-level professional learning collaboratives (PLC's) are held with the instructional coaches. These grade-level learning communities target lesson planning, formative assessment design, data review, strategic planning, and professional learning. Grade levels have common daily planning times that meet two times per week. Our campus also offers voluntary instructional sessions on a regular basis to provide professional development opportunities for all. Teachers are given the opportunity to observe in a colleague's classroom to learn both instructional and classroom management strategies. We highly value the educational excellence that we have on our own campus.

Student progress is monitored either as prescribed by the intervention or at six-week intervals, depending on the needs of the student. MTSS committee meetings are held four times per year for both academics and behavior and are held during professional learning time/collaboratives. The data from campus assessments are used to identify students that are performing below standard. Questions are continually asked about what is being done to meet our struggling students' needs. Are they making progress? What interventions are being used? What parent communication is being conducted? MTSS meetings are scheduled by the MTSS coordinator (Instructional Liaison), and are attended by the grade level teachers, the interventionists, and the instructional coaches. Cimarron utilizes Extended Learning Time (PAW Time) for the majority of interventions, and also offers before or after school tutorials.

All decisions regarding professional development, programs, and practices are based upon the needs identified in this improvement plan.

Cimarron Elementary employs highly qualified teachers and paraprofessionals. We have a high priority for hiring great teachers, and actively pursue candidates through our district job fair, personal connections and recruiting trips to local universities. We strive to ensure that our staff reflects windows, mirrors, and sliding glass doors for our student population.

We support every teacher new to CE with a mentor/buddy. New hires attend a two day district level training in August, and we provide campus based New Teacher training with our instructional coaches as well. All teachers who are new to CE participate in a monthly new teacher mentoring session led by our instructional liaison. These sessions cover a wide variety of topics, including effective instructional strategies, classroom management techniques, and just in time information such as how to enter grades. Every teacher new to CE has a one-on-one mentor, and this provides targeted, job-embedded professional learning.

We strive to offer a family atmosphere. Teachers, parents and students at CE take pride in their school and the school's reputation. We are known for a close, family atmosphere - one in which children's needs are put first consistently. We have a high standard for the best instructional practices, as well as supporting the whole child. CE goes far beyond STAAR scores. Our commitment is to keep students at the center of all actions and decisions. There is a healthy sense of urgency among our staff that promotes professionalism and unity of purpose.

Cimarron has access to all of the latest technological hardware and software. All students, teachers, administrators, and staff members have access to computers, iPads, Smartboards, document cameras, and laptops/Chromebooks. Wireless access points have been installed all over the building. There is a primary and intermediate computer lab with 25 computers each. The labs are used for a variety of teaching and learning programs. Additionally, there are computers in the library for student and staff use. Ozobots are also available on campus for students to learn more about coding. Students are encouraged to use a variety of programs and apps using iPads and computers. The majority of teachers are accustomed to integrating use of Smartboard technology, including document camera, into their daily activities and lessons. We also maintain active social media accounts in order to share all of the amazing learning and experiences happening at Cimarron daily.

Cimarron Staff is provided with Planning Guides, which provide information for staff to be successful in all areas. There are planning guides for Literacy, Social Studies, Mathematics, Science, ESL, Team Planning, Public Relations/Communication, Discipline/Conduct, Counseling, Attendance, Front Office Procedures, MTSS, Academic Support, and Special Education. These planning guides provide expectations, information, and generally give the "how" and "why" of what we do daily at Cimarron Elementary.

## School Processes & Programs Strengths

We have many process/programmatic strengths:

**Team Planning** - Grade levels can expect 2-3 protected days each week for team planning, free of meetings, ARDS, parent conferences, etc. During this time and led by the Instructional Coaches, our teachers review materials, plan instruction, analyze data, and share best practices.

**Professional Learning** - Our grade level learning communities participate in just in time professional learning every other week with our instructional coaches or instructional liaison. Learning is targeted for lesson planning, formative assessment design, data review, strategic planning, and research-based best practices for quality instruction. We also offer voluntary instructional sessions after school, and teachers are given the opportunity to observe in a colleague's classroom to learn both instructional and classroom management strategies.

**Expectations** - Our staff know and understand the "how" of what we do daily at Cimarron through the use of our planning guides. We have planning guides for Literacy, Social Studies, Mathematics, Science, ESL, Team Planning, Public Relations/Communication, Discipline/Conduct, Counseling, Attendance, Front Office Procedures, MTSS, Academic Support, and Special Education.

**Mentoring** - We support every teacher new to CE with a mentor, whether or not they are new to teaching. New Hires are offered district and campus-based PD before school starts. All teachers who are new to CE participate in a monthly new teacher mentoring session led by our instructional liaison. These sessions cover a wide variety of topics, including effective instructional strategies, classroom management techniques, and just in time information such as how to enter grades. Every teacher new to CE has a one-on-one mentor, and this provides targeted, job-embedded professional learning.

**MTSS** - The MTSS process on our campus is being utilized successfully before students are referred to special education. Teachers meet in collaboratives on a regular, rotating basis, to review data about students of concerns. Tiered interventions are implemented, in attempt of closing gaps and preventing referral to SPED.

**Master Schedule** - Our master schedule maximizes instructional time for each grade level, while still being responsive to developmental needs of young children. We place large

blocks of uninterrupted time together as much as possible, and also provide every grade level with two recess periods. Students need opportunities to play, and when given multiple opportunities to do so will decrease distractions in the classroom and allow deeper learning to occur.

**Safety** - Safety drills are performed frequently and effectively. Students and staff know how to respond in a variety of emergency situations, thanks to regular training.

**Committees** - Non-academic committees meet as needed, and are teacher-led, to develop other areas of our working relationships, for example, Sunshine, Safety, and the House Committee.

**Management/Supervision** - Grade level teachers report to corresponding Assistant Principals for handling of most issues on their teams, with students, and with parents, streamlining communication in the building.

**Technology** - Technology is used in all content areas. Technology enhances literacy development, impacts language acquisition, provides greater access to information, supports creating and learning, and motivates students. The design of the network in our district and campus allows for fast and easy communication between staff members. It also allows staff members to easily share materials as well as access their materials from any computer on the network. This also gives students and staff easy access to a variety of software on network computer. Technology is used to support curriculum, instruction, and assessment integration and implementation by reinforcing the standards set by the state. This is supported by facilitating participation in instructional activities. Technology is successfully implemented by ensuring that the integration into learning is routine throughout the curricular areas. The instructional activities can be seen by the teacher and administrators to monitor successful implementation.

**House System** - Cheetahs and staff are sorted into four houses. These houses reinforce relationships and connections between students and staff. Students participate in House Rallies as a school, and also in House Parties as a house. Students have the opportunity to earn points for academic, behavioral and social wins throughout the school day, and these points are earned collectively as a house. Students and staff earn house rewards and display pride of house throughout the year.

**Traditions** - Both staff and students enjoy Cimarron traditions. CE staff members ENJOY working together, celebrating together year after year: Thanksgiving Feast, Ugly Sweater contest, and Twelve Days celebration before Winter Break. Our Cheetahs love Meet the Teacher Night, the Fall Bash, Veteran's Day celebration, Breakfast with Santa, Spring Carnival, 5th Grade Celebration of Learning and Senior Clapout, Field Days, and field trips.

**Professional Development** - We commit a large portion of our campus budgets to professional learning for our teachers, admin, and paras.

### **Problem Statements Identifying School Processes & Programs Needs**

**Problem Statement 1 (Prioritized):** Our campus needs to continue to focus on differentiating instruction and assessments for students with a wide range of abilities. **Root Cause:** Our staff needs additional professional development and a focus on effectively using data to plan lessons, forming small groups, differentiating instruction and creating common assessments.

**Problem Statement 2 (Prioritized):** PAW Time (extended learning time) has not been implemented with fidelity for mid to high performing students. **Root Cause:** Formative assessment data has not been utilized to inform PAW time student groups and interventions for mid to high performing students.

**Problem Statement 3 (Prioritized):** As students and families continue to transition from two school years affected by COVID, we continue to see students with difficulties regulating emotions. **Root Cause:** Teachers are in need of additional behavior training, including de-escalation strategies. In addition, we need to fully implement our schoolwide behavior system and ensure that teachers are trained in campus expectations as well as students. Finally, we will continue to partner with parents to support students in regulating emotions.

# Perceptions

## Perceptions Summary

At Cimarron Elementary, we are working very hard to create a community of life-long learners by providing a challenging, safe, nurturing and respectful learning environment. We encourage individuals to respect and value hard work each and every day. We believe that together we can provide a safe, school environment where all individuals feel welcomed and respected. Our promise to our community is to serve and support all students as they become creative, independent, and critical thinkers.

Our motto this year is "Our Time to Shine" at Cimarron Elementary. Problems are approached with a positive, respectful, solution-based mindset. All students and staff are held to a high standard and given the tools to achieve excellence.

Cimarron Elementary is committed to providing students with dutiful staff, ensuring that all members of our school reach their fullest potential. Our teachers have created an environment where families feel free to engage with our staff and provide information through open lines of communication. We establish this by communicating in a variety of ways: phone calls, emails, planners, Canvas, social media, Thursday folders, etc. Open House Nights and curriculum nights scheduled during the year give parents an opportunity to find out more about what their children are learning and how they can help them at home.

At Cimarron Elementary, we utilize PBIS to establish school wide expectations and to promote a positive learning environment. Staff members receive professional development training at the beginning of each school year to reinforce our PBIS expectations as a campus.

Schoolwide expectations are summarized in the acronym PRIDE

P – Purpose

R – Respect

I – Integrity

D – Dependability

E – Effort

We encourage positive behavior and reward our students with House points, classroom rewards, House Parties and House Rallies every 9 weeks to celebrate excellent behavior. This positive program has helped us improve and reduce campus discipline and behavior creating a better environment.

This year, we have built an instructional schedule which provides a 15 minute Community Circle in every classroom every morning. These Community Circles will be used to build relationships in the classroom between students and teachers, and we will leverage those relationships to build classroom communities which are focused around love first, and academics as a result. Our instructional schedule also provides two recess periods per grade level per day. We truly believe that students need time to play, and we feel that in doing so they will be better focused on academics when they return to the classroom.

We will also have a high focus on campus wide expectations this school year. Teachers follow a scope and sequence to teach campus wide PRIDE expectations at the beginning of the school year, and they are reviewed on a weekly basis throughout the school year. Our students thrive on consistency, and our campus wide PRIDE expectations help our campus to be consistent throughout the building.

Special programs make learning fun at Cimarron! Every day begins with televised announcements on CE-TV that spotlights happenings around campus. Students at all grade levels participate in Junior Achievement, field days and the end-of-school celebrations of learning. We offer Read Deed Run, a program focused on literacy, community service, and running, to our 3rd - 5th grade students. Fourth and fifth graders can participate in Cheetah Choir and Art Club. In fifth grade, special programs including House Council and Safety Patrol make the final year at Cimarron an extra-special one. Our staff works hard to accommodate our families and their different cultures and languages. Our front office staff greets

visitors to our campus in a warm, inviting, and friendly manner.

Our counselor provides the guidance and support for students and families in need. Each year, we work with our community to recruit school supplies, backpacks, and food donations from Compassion Katy and other community partners. KISD Police Santa Cops donated toys with the help of the community, YMCA donated gift cards for families in need, and through our district's program Food for Families we were able to assist those in need.

As the inspiration of our students, we understand the importance of parent and extended family participation. Due to this, we provide a myriad of events and programs throughout the entire school year for both students and parent involvement. Our staff works hard to accommodate our families and their different cultures and languages.

### **Perceptions Strengths**

Cimarron Elementary School celebrates these family, community, and school strengths:

- Cimarron has a neighborhood school/family feel to it that is encouraged through events such as Tears and Cheers, Watch D.O.G. program, and annual Veterans' Day Program.
- We have a focus on student's social-emotional needs. Our instructional schedule has built explicit opportunities for relationships to be formed and students to experience breaks for play throughout the school day.
- Parents feel there are plenty of opportunities for parents/family/community members to visit the campus for family events, such as Open House, Curriculum Night, Grandparents' Day, and other curriculum events.
- There are a variety of clubs/activities for students to join in order to be involved at school, such as ReadDeedRun, House Council, Safety Patrol, Choir, and Art Club.
- School staff and PTA have a working relationship that is focused on meeting the needs of the students.
- Our campus works with community members to build partnerships that help students, such as PALS, KEYS Mentor program, Junior Achievement, science lab volunteers and library volunteers.

### **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1 (Prioritized):** There is a continued need to increase parental involvement at school events and within involvement for the Cimarron PTA. We know that when families are engaged, children's learning improves. **Root Cause:** Our staff must be creative and think outside the box when it comes to parent involvement. Different forms of communication need to be used to reach parents regarding volunteer or community engagement opportunities. Cimarron needs to offer different opportunities both during the day and the evening.

**Problem Statement 2 (Prioritized):** There is a need to increase teacher efficacy for classroom management. Many students are struggling with emotional regulation after two years of COVID. **Root Cause:** Teachers are in need of de-escalation strategies and a continued focus on campus wide behavior expectations. Explicit teaching for both staff and students is needed, along with weekly reinforcement of expectations.

# Priority Problem Statements

**Problem Statement 13:** Only 2.7% of students enrolled at Cimarron are identified as being GT.

**Root Cause 13:** Teachers and parents need more information about understanding how to identify the characteristics of a GT student in economically disadvantaged and at-risk conditions.

**Problem Statement 13 Areas:** Demographics

**Problem Statement 8:** We are currently slated as a School Improvement Campus.

**Root Cause 8:** Two student groups - White students and Hispanic students - are not performing at expected levels. Our teachers need continued training in small group instruction and differentiating instruction for various student groups.

**Problem Statement 8 Areas:** Student Learning

**Problem Statement 3:** Our campus needs to continue to focus on differentiating instruction and assessments for students with a wide range of abilities.

**Root Cause 3:** Our staff needs additional professional development and a focus on effectively using data to plan lessons, forming small groups, differentiating instruction and creating common assessments.

**Problem Statement 3 Areas:** School Processes & Programs

**Problem Statement 12:** There is a continued need to increase parental involvement at school events and within involvement for the Cimarron PTA. We know that when families are engaged, children's learning improves.

**Root Cause 12:** Our staff must be creative and think outside the box when it comes to parent involvement. Different forms of communication need to be used to reach parents regarding volunteer or community engagement opportunities. Cimarron needs to offer different opportunities both during the day and the evening.

**Problem Statement 12 Areas:** Perceptions

**Problem Statement 1:** The needs of our students are changing as our percentage of economically disadvantaged students increases. We need to ensure that we are meeting the needs (academic, social and emotional) of our changing demographics.

**Root Cause 1:** Our staff needs strategies and tools to effectively implement instruction for a diverse population to meet individual student needs - both academically and social-emotionally.

**Problem Statement 1 Areas:** Demographics

**Problem Statement 7:** Our Reading STAAR scores have increased, however there is continued growth needed. We want to see our percentage of students who meet expected standards in the area of reading increase.

**Root Cause 7:** Quality first teach in literacy along with small group interventions continue to be needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.

**Problem Statement 7 Areas:** Student Learning

**Problem Statement 9:** PAW Time (extended learning time) has not been implemented with fidelity for mid to high performing students.

**Root Cause 9:** Formative assessment data has not been utilized to inform PAW time student groups and interventions for mid to high performing students.

**Problem Statement 9 Areas:** School Processes & Programs

**Problem Statement 10:** There is a need to increase teacher efficacy for classroom management. Many students are struggling with emotional regulation after two years of COVID.

**Root Cause 10:** Teachers are in need of de-escalation strategies and a continued focus on campus wide behavior expectations. Explicit teaching for both staff and students is needed, along with weekly reinforcement of expectations.

**Problem Statement 10 Areas:** Perceptions

**Problem Statement 6:** Our Math STAAR scores have increased in 3rd and 5th grade, but decreased in 4th grade. There is continued growth needed in all grade levels.

**Root Cause 6:** The impact from COVID continues as we work to fill gaps in learning in the area of math. Quality first teach in math along with small group interventions are needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.

**Problem Statement 6 Areas:** Student Learning

**Problem Statement 11:** As students and families continue to transition from two school years affected by COVID, we continue to see students with difficulties regulating emotions.

**Root Cause 11:** Teachers are in need of additional behavior training, including de-escalation strategies. In addition, we need to fully implement our schoolwide behavior system and ensure that teachers are trained in campus expectations as well as students. Finally, we will continue to partner with parents to support students in regulating emotions.

**Problem Statement 11 Areas:** School Processes & Programs

**Problem Statement 5:** Our 5th grade science STAAR scores continued to decline this year.

**Root Cause 5:** Quality first teach in science along with small group interventions continues to be an area in which professional development and materials, resources and time are needed for teachers K-5. Students need significant opportunities to participate in hands on instruction in the science classroom and to translate those experiences into the classroom, as well as receive targeted vocabulary instruction.

**Problem Statement 5 Areas:** Student Learning

**Problem Statement 4:** Our special education students are performing significantly below all other student groups in all areas.

**Root Cause 4:** There is a need to provide additional training in differentiated instruction for SPED resource teachers and in class support staff. Also, far too often, students receiving special education services to fill gaps in learning often miss current content instruction, causing them to fall farther behind.

**Problem Statement 4 Areas:** Student Learning

**Problem Statement 2:** Approximately 50% or more of our students are reading below grade level.

**Root Cause 2:** Students need a balanced approach to literacy, including a focus on phonemic awareness, phonics, vocabulary, fluency, comprehension, and writing. Our classroom teachers need continued professional development to ensure we are meeting our students' literacy needs, while also having access to the most up-to-date resources that support these practices. Our students also need access to books at home.

**Problem Statement 2 Areas:** Student Learning

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

## Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations

## Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local diagnostic reading assessment data

## Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Gifted and talented data

## Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Class size averages by grade and subject
- School safety data
- Enrollment trends

## Employee Data

Cimarron Elementary School  
Generated by Plan4Learning.com

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

#### **Parent/Community Data**

- Parent surveys and/or other feedback
- Parent engagement rate

#### **Support Systems and Other Data**

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

# Goals

Revised/Approved: August 31, 2022

**Goal 1:** All learning environments will foster engagement by integrating personalized learning experiences.

**Performance Objective 1:** Every student at Cimarron Elementary will demonstrate at least one year's worth of growth in Reading within the KISD reading expectations, as measured by Fountas and Pinnell Benchmark Assessment System.

**Evaluation Data Sources:** Fountas & Pinnell Benchmark Assessment System, Running Records, TPRI

Strategy 1 Details	Reviews			
<p><b>Strategy 1:</b> Teachers will establish BOY, MOY and EOY Reading Level goals for each student to effectively measure progress and provide appropriate intervention.</p> <p><b>Strategy's Expected Result/Impact:</b> More effective and timely closure of gaps in reading levels across a school year.</p> <p><b>Staff Responsible for Monitoring:</b> Primary Instructional Coach                      ELA Instructional Coach - Grades 2-5                      Assistant Principals</p> <p><b>Title I:</b>                      2.4, 2.5, 2.6</p> <p>- <b>TEA Priorities:</b>                      Build a foundation of reading and math</p> <p>- <b>ESF Levers:</b>                      Lever 5: Effective Instruction</p> <p><b>Problem Statements:</b> Demographics 2 - Student Learning 1, 2, 6 - School Processes &amp; Programs 1</p>	Formative			Summative

**Performance Objective 6 Problem Statements:**

Demographics
<p><b>Problem Statement 2:</b> The needs of our students are changing as our percentage of economically disadvantaged students increases. We need to ensure that we are meeting the needs (academic, social and emotional) of our changing demographics. <b>Root Cause:</b> Our staff needs strategies and tools to effectively implement instruction for a diverse population to meet individual student needs - both academically and social-emotionally.</p>
Student Learning
<p><b>Problem Statement 1:</b> We are currently slated as a School Improvement Campus. <b>Root Cause:</b> Two student groups - White students and Hispanic students - are not performing at expected levels. Our teachers need continued training in small group instruction and differentiating instruction for various student groups.</p>
<p><b>Problem Statement 3:</b> Our Math STAAR scores have increased in 3rd and 5th grade, but decreased in 4th grade. There is continued growth needed in all grade levels. <b>Root Cause:</b> The impact from COVID continues as we work to fill gaps in learning in the area of math. Quality first teach in math along with small group interventions are needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.</p>
School Processes & Programs
<p><b>Problem Statement 1:</b> Our campus needs to continue to focus on differentiating instruction and assessments for students with a wide range of abilities. <b>Root Cause:</b> Our staff needs additional professional development and a focus on effectively using data to plan lessons, forming small groups, differentiating instruction and creating common assessments.</p>
<p><b>Problem Statement 2:</b> PAW Time (extended learning time) has not been implemented with fidelity for mid to high performing students. <b>Root Cause:</b> Formative assessment data has not been utilized to inform PAW time student groups and interventions for mid to high performing students.</p>

**Goal 1:** All learning environments will foster engagement by integrating personalized learning experiences.

**Performance Objective 7:** The percent of students demonstrating Meets or Exceeds Progress levels on STAAR Reading and STAAR Math will increase by 10% for each subject as compared to the 2022 progress measures.

**Evaluation Data Sources:** STAAR data, 2022 State Accountability

**Performance Objective 7 Problem Statements:**

Demographics
<p><b>Problem Statement 2:</b> The needs of our students are changing as our percentage of economically disadvantaged students increases. We need to ensure that we are meeting the needs (academic, social and emotional) of our changing demographics. <b>Root Cause:</b> Our staff needs strategies and tools to effectively implement instruction for a diverse population to meet individual student needs - both academically and social-emotionally.</p>
Student Learning
<p><b>Problem Statement 1:</b> We are currently slated as a School Improvement Campus. <b>Root Cause:</b> Two student groups - White students and Hispanic students - are not performing at expected levels. Our teachers need continued training in small group instruction and differentiating instruction for various student groups.</p>
<p><b>Problem Statement 2:</b> Our Reading STAAR scores have increased, however there is continued growth needed. We want to see our percentage of students who meet expected standards in the area of reading increase. <b>Root Cause:</b> Quality first teach in literacy along with small group interventions continue to be needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.</p>
<p><b>Problem Statement 3:</b> Our Math STAAR scores have increased in 3rd and 5th grade, but decreased in 4th grade. There is continued growth needed in all grade levels. <b>Root Cause:</b> The impact from COVID continues as we work to fill gaps in learning in the area of math. Quality first teach in math along with small group interventions are needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.</p>
<p><b>Problem Statement 4:</b> Our 5th grade science STAAR scores continued to decline this year. <b>Root Cause:</b> Quality first teach in science along with small group interventions continues to be an area in which professional development and materials, resources and time are needed for teachers K-5. Students need significant opportunities to participate in hands on instruction in the science classroom and to translate those experiences into the classroom, as well as receive targeted vocabulary instruction.</p>
School Processes & Programs
<p><b>Problem Statement 1:</b> Our campus needs to continue to focus on differentiating instruction and assessments for students with a wide range of abilities. <b>Root Cause:</b> Our staff needs additional professional development and a focus on effectively using data to plan lessons, forming small groups, differentiating instruction and creating common assessments.</p>

## School Processes & Programs

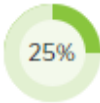

**Problem Statement 2:** PAW Time (extended learning time) has not been implemented with fidelity for mid to high performing students. **Root Cause:** Formative assessment data has not been utilized to inform PAW time student groups and interventions for mid to high performing students.

**Goal 1:** All learning environments will foster engagement by integrating personalized learning experiences.

**Performance Objective 8:** ESF: 75% of Cimarron Elementary teachers will exhibit small group lessons at the Level 3 and Level 4 indicators from our CE Instructional Roadmap.

**Evaluation Data Sources:** Instructional RoadMap Data

Strategy 1 Details	Reviews

**Performance Objective 9 Problem Statements:**

## Student Learning

**Problem Statement 5:** Our special education students are performing significantly below all other student groups in all areas. **Root Cause:** There is a need to provide additional training in differentiated instruction for SPED resource teachers and in class support staff. Also, far too often, students receiving special education services to fill gaps in learning often miss current content instruction, causing them to fall farther behind.

**Goal 1:** All learning environments will foster engagement by integrating personalized learning experiences.

**Performance Objective 10:** Increase the number of students scoring at health fitness zones, as measured on FitnessGram, to contribute to optimal health.

**Evaluation Data Sources:** FitnessGram, Class Observation, Formative and Summative fitness skill assessments

Strategy 1 Details	Reviews			
<p><b>Strategy 1:</b> The campus Coordinated Approach to Child Health (CATCH) committee will meet at least once per semester to ensure alignment and integration between health and education across the school setting.</p> <p><b>Strategy's Expected Result/Impact:</b> Students will be provided multiple opportunities to acquire knowledge and skills to promote healthy lifestyles.</p> <p><b>Staff Responsible for Monitoring:</b> Principal Physical Education Teacher Cafeteria Manager</p>	<b>Formative</b>			<b>Summative</b>

**Performance Objective 1 Problem Statements:**

<b>Demographics</b>
<p><b>Problem Statement 2:</b> The needs of our students are changing as our percentage of economically disadvantaged students increases. We need to ensure that we are meeting the needs (academic, social and emotional) of our changing demographics. <b>Root Cause:</b> Our staff needs strategies and tools to effectively implement instruction for a diverse population to meet individual student needs - both academically and social-emotionally.</p>
<b>Perceptions</b>
<p><b>Problem Statement 1:</b> There is a continued need to increase parental involvement at school events and within involvement for the Cimarron PTA. We know that when families are engaged, children's learning improves. <b>Root Cause:</b> Our staff must be creative and think outside the box when it comes to parent involvement. Different forms of communication need to be used to reach parents regarding volunteer or community engagement opportunities. Cimarron needs to offer different opportunities both during the day and the evening.</p>

**Goal 2:** Katy ISD will develop systems where customized resources will ensure equity in response to the needs of a growing district with rapidly changing demographics.

**Performance Objective 2:** Teachers are informed of the English language proficiency levels of the English learners in their classrooms, and teams actively utilize the ELPs to provide meaningful opportunities for EBLs to develop social and academic English proficiency in listening, speaking, reading and writing.

**Evaluation Data Sources:** Planning agendas, lesson plans

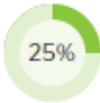

Strategy 1 Details	Reviews			
<p><b>Strategy 1:</b> Monitor EBL's academic and linguistic progress by ensuring that the ELPs and PLDs are implemented in all content areas in all grades (differentiation evident in lesson planning and walkthroughs).</p> <p><b>Strategy's Expected Result/Impact:</b> Increase in LEP student achievement</p> <p><b>Staff Responsible for Monitoring:</b> LPAC Administrator EST ISSTs</p>	<b>Formative</b>			<b>Summative</b>

**Performance Objective 1 Problem Statements:**

Demographics
<p><b>Problem Statement 2:</b> The needs of our students are changing as our percentage of economically disadvantaged students increases. We need to ensure that we are meeting the needs (academic, social and emotional) of our changing demographics. <b>Root Cause:</b> Our staff needs strategies and tools to effectively implement instruction for a diverse population to meet individual student needs - both academically and social-emotionally.</p>
Student Learning
<p><b>Problem Statement 1:</b> We are currently slated as a School Improvement Campus. <b>Root Cause:</b> Two student groups - White students and Hispanic students - are not performing at expected levels. Our teachers need continued training in small group instruction and differentiating instruction for various student groups.</p>
<p><b>Problem Statement 2:</b> Our Reading STAAR scores have increased, however there is continued growth needed. We want to see our percentage of students who meet expected standards in the area of reading increase. <b>Root Cause:</b> Quality first teach in literacy along with small group interventions continue to be needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.</p>
<p><b>Problem Statement 3:</b> Our Math STAAR scores have increased in 3rd and 5th grade, but decreased in 4th grade. There is continued growth needed in all grade levels. <b>Root Cause:</b> The impact from COVID continues as we work to fill gaps in learning in the area of math. Quality first teach in math along with small group interventions are needed to grow our students. Our teachers continue to need additional training and resources that address and accommodate the different learning needs of the students on our campus.</p>
<p><b>Problem Statement 4:</b> Our 5th grade science STAAR scores continued to decline this year. <b>Root Cause:</b> Quality first teach in science along with small group interventions continues to be an area in which professional development and materials, resources and time are needed for teachers K-5. Students need significant opportunities to participate in hands on instruction in the science classroom and to translate those experiences into the classroom, as well as receive targeted vocabulary instruction.</p>

### Student Learning

**Problem Statement 6:** Approximately 50% or more of our students are reading below grade level. **Root Cause:** Students need a balanced approach to literacy, including a focus on phonemic awareness, phonics, vocabulary, fluency, comprehension, and writing. Our classroom teachers need continued professional development to ensure we are meeting our students' literacy needs, while also having access to the most up-to-date resources that support these practices. Our students also need access to books at home.

### School Processes & Programs

**Problem Statement 1:** Our campus needs to continue to focus on differentiating instruction and assessments for students with a wide range of abilities. **Root Cause:** Our staff needs additional professional development and a focus on effectively using data to plan lessons, forming small groups, differentiating instruction and creating common assessments.

**Problem Statement 2:** PAW Time (extended learning time) has not been implemented with fidelity for mid to high performing students. **Root Cause:** Formative assessment data has not been utilized to inform PAW time student groups and interventions for mid to high performing students.

**Goal 3:** Katy ISD will develop meaningful, effective assessments that inspire and inform students and educators toward continuous improvement.

**Performance Objective 2:** All students new to Cimarron Elementary will be pre-assessed within 5 days of enrollment in order to determine academic levels and plan necessary interventions.

**Evaluation Data Sources:** Math Inventory, F&P Testing, Counselor Personal Survey

Strategy 1 Details	Reviews			
<p><b>Strategy 1:</b> Math teachers will administer a math screener to gain baseline math data within 5 days of a new student enrollment. Kinder students will complete the Pre-Assessment within 5 days of a new student enrollment.</p> <p><b>Strategy's Expected Result/Impact:</b> Interventions will be more specifically tailored to student needs.</p> <p><b>Staff Responsible for Monitoring:</b> Primary Instructional Coach Math/Science Instructional Coach - Grades 2-5 Instructional Liaison</p> <p><b>Title I:</b> 2.4, 2.6</p> <p>- <b>TEA Priorities:</b> Build a foundation of reading and math</p> <p>- <b>ESF Levers:</b> Lever 5: Effective Instruction</p> <p><b>Problem Statements:</b> Demographics 2 - Student Learning 3 - School Processes &amp; Programs 1</p>	Formative			Summative

 No Progress  Accomplished  Continue/Modify  Discontinue				

**Performance Objective 1 Problem Statements:**

Perceptions
<p><b>Problem Statement 1:</b> There is a continued need to increase parental involvement at school events and within involvement for the Cimarron PTA. We know that when families are engaged, children's learning improves. <b>Root Cause:</b> Our staff must be creative and think outside the box when it comes to parent involvement. Different forms of communication need to be used to reach parents regarding volunteer or community engagement opportunities. Cimarron needs to offer different opportunities both during the day and the evening.</p>

**Goal 8:** Katy ISD will actively support the emotional well-being of all learners.

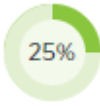

**Performance Objective 1:** Cimarron Elementary will utilize preventive strategies to increase the emotional well-being of students through positive support systems (ie House System, Community Circles and the implementation of school-wide social emotional learning programs) and continuing tiered levels of identification and intervention to monitor, assist and reduce the number of students who exhibit disruptive discipline behaviors (physical contact and noncompliance).

**Evaluation Data Sources:** Strive Portfolio, Discipline Referrals, Classroom Observation Data, MTSS

**Performance Objective 1 Problem Statements:**

Demographics
<p><b>Problem Statement 2:</b> The needs of our students are changing as our percentage of economically disadvantaged students increases. We need to ensure that we are meeting the needs (academic, social and emotional) of our changing demographics. <b>Root Cause:</b> Our staff needs strategies and tools to effectively implement instruction for a diverse population to meet individual student needs - both academically and social-emotionally.</p>
School Processes & Programs
<p><b>Problem Statement 3:</b> As students and families continue to transition from two school years affected by COVID, we continue to see students with difficulties regulating emotions. <b>Root Cause:</b> Teachers are in need of additional behavior training, including de-escalation strategies. In addition, we need to fully implement our schoolwide behavior system and ensure that teachers are trained in campus expectations as well as students. Finally, we will continue to partner with parents to support students in regulating emotions.</p>

## Perceptions

**Problem Statement 2:** There is a need to increase teacher efficacy for classroom management. Many students are struggling with emotional regulation after two years of COVID.  
**Root Cause:** Teachers are in need of de-escalation strategies and a continued focus on campus wide behavior expectations. Explicit teaching for both staff and students is needed, along with weekly reinforcement of expectations.

## 1. Comprehensive Needs Assessment (CNA)

### 1.1: Comprehensive Needs Assessment

An invite was sent out to Campus Advisory Team members soliciting volunteers to serve on our Campus Needs Assessment Team. This group of individuals included administrators, counselor, instructional coaches, teachers, paraprofessionals, parents, business owners and community members. The committee used a list of guiding questions to ensure we focused on areas of need around campus. In the area of student achievement, the committee used archived STAAR data, DLAs (district learning assessments), COAs (common objective assessments), F&P scores (Fountas and Pinnell reading levels), etc. The committee then went on to analyze the needs of our students that were failing, or at-risk of failing, state standards. STAAR data and F&P reading levels were used for this data analysis because those are the forms of measure that are reported to the state annually. Lastly, the committee made sure to analyze any barriers for educators, students, and/or parents. A parent survey, employee engagement survey, and other informal forms of data were used to determine what these barriers might be, and possible root causes. The Campus Advisory Team met and reviewed feedback during the summer and revisions to our CNA were discussed. The CNA was reviewed/revised through meetings and feedback, with the final meeting held on June 22, 2022.

## 2. Campus Improvement Plan

### 2.1: Campus Improvement Plan developed with appropriate stakeholders

Our Campus Advisory Team includes teachers, parents, business owners, community members, and administrative personnel. The campus improvement plan was developed with feedback from all stakeholders.

### 2.2: Regular monitoring and revision

The Campus Advisory Team has four meetings listed on the calendar each year to review the progress of the Campus Improvement Plan, and to evaluate our current programs/strategies and academic achievement of our students in grades PK-5. At the end of each meeting, it is discussed if another meeting is needed before the next scheduled one, due to possible challenges, concerns, etc. The Campus Improvement Plan will be reviewed and monitored in an on-going manner.

Reviews will be completed in October, January, April and June.

### 2.3: Available to parents and community in an understandable format and language

The Campus Improvement Plan will be available electronically to parents and community members via a link on the campus website. The Campus Improvement Plan can be accessed from the directory page on the Katy ISD webpage, as well as under the Quick Links tab on our homepage. In addition, a hard copy will be available in the front office for parents and community members to view and/or request a copy. Our Campus Improvement Plan is currently only available in English and Spanish. We can make it available in other languages upon request.

The Campus Improvement Plan will be available for parents and community members to request throughout the entire school year. Instructions for how to access the Campus Improvement Plan are shared in our weekly CE eNews.

## **2.4: Opportunities for all children to meet State standards**

In an effort to meet the needs of all students in achieving mastery of State standards, teachers will work in collaborative teams to analyze student data for all of our subpopulations (i.e. economically disadvantaged, gifted & talented, etc.) and determine next steps to ensure that all students are making adequate progress and meeting State standards. Professional development will be provided in the areas of greatest need (based upon school-wide and grade level data) in an effort to strengthen first-teach instruction and determine how to fill in the educational gaps that might exist in students struggling academically. Targeted PAW Time interventions and after-school tutorials (weekdays) will be offered to all students not meeting standards. In addition, we have a Title 1 Reading teacher and a Title 1 Math teacher to provide interventions to struggling students in grades K-5.

## **2.5: Increased learning time and well-rounded education**

The master schedule was reviewed to limit the amount of transitions and "lost" instructional minutes in the daily schedule. This includes Extra Learning Time (ELT) which the campus refers to as "PAW" time for daily intervention. Programs are held on campus to ensure that we maximize instructional time and focus on academic achievement, as well as social-emotional development and the arts. The current schedule allows the counselor the opportunity to provide guidance counseling lessons to students. Instructional walks will be conducted by administration and instructional coaches to ensure quality of learning in classes using our CE Instructional Roadmap as a guide. As needed, teachers will have an opportunity to observe in experienced teachers classrooms in an effort to learn from each other and strengthen our instructional best practices and pedagogy. Furthermore, collaborative planning sessions will occur on a weekly basis with instructional staff and teachers. Periodically, job-embedded professional development will be provided to assist teachers in implementing lessons that meet the needs of all learners.

## **2.6: Address needs of all students, particularly at-risk**

Our Professional Learning Communities will meet every other week to analyze pertinent data for at-risk students (formal and informal assessments, DLA's, anecdotal notes, etc.) to monitor the progress of students. This concerted time will allow our teachers to more effectively utilize PAW Time (our schoolwide extended learning time) to meet the diverse needs of learners. In addition, discussions about reteach methods and ways to improve quality instruction are held at these times to enhance student learning. More in depth and broader data compilations are discussed periodically in Wednesday PLC meetings to analyze trends throughout a unit, and with individual students, so that teachers can discuss root causes to commonly missed concepts, and devise a plan to reduce misconceptions or misunderstandings and improve comprehension. MTSS meetings are held with each grade level once a grading period to assess student growth and struggles in order to place students on the proper tier, and determine if more guided/pull out intervention is warranted. Progress monitoring occurs in class with teachers during small group time and upon assessment to determine students individual strengths and weaknesses, and through intervention (PAW time) with additional teachers (Academic Support Teachers) or other interventionists as needed.

## **3. Annual Evaluation**

### **3.1: Annually evaluate the schoolwide plan**

The CIP is formally reviewed quarterly, with a summative review occurring at the end of each school year.

## **4. Parent and Family Engagement (PFE)**

### **4.1: Develop and distribute Parent and Family Engagement Policy**

The campus worked with parents and family members to create a Parent and Family Engagement Policy, and this policy was updated with Campus Advisory Team feedback in the Spring of 2022. The Policy will be offered to parents/families during parent-teacher conferences during the Fall Semester. It is also on our website.

The Parent and Family Engagement Policy will be available electronically to parents and community members via a link on the campus website under Quick Links. In addition, a hard

copy will be available in the front office for parents and community members to view and/or request a copy. Our Parent and Family Engagement Policy is currently only available in English and Spanish. It can be made available in any language upon request. In addition, the Parent and Family Engagement Policy will be available for parents and community members to request throughout the entire school year. There will be instructions on how to access the Parent and Family Engagement in our weekly CE enews.

## **4.2: Offer flexible number of parent involvement meetings**

Parent Involvement Meetings are held quarterly during the school day and are called Cheetah Coalitions. These meetings are advertised in our campus newsletter. Parents are invited to attend and given information regarding upcoming programs/events and provided the opportunity to ask questions about upcoming programs or concerns they may have.

Parents are also invited to participate in our Curriculum Night in September, our Family Heritage Event in December, and our Cimarron City learning event in April. All parents are also invited to attend a parent teacher conference with their child's homeroom teacher in the fall semester. Parent teacher conferences are offered both in person and through Zoom in order to best support family needs.

## **5. Targeted Assistance Schools Only**

### **5.1: Determine which students will be served by following local policy**

Cimarron Elementary is not identified as a school for Targeted Assistance.
