JH Three Year Plans:

2025- 2028

WHAT IS A 3 year plan?

A Three-Year Plan is a "roadmap" that assists rising 6th - 8th grade students in selecting required and desired courses before entering High School.

This is NOT a final document and can be edited each year of school.

Considerations:

What classes am I interested in?

Subjects that will challenge me?

Courses that will help me align with my high school goals?

Courses that will help me get a job and make a career?

Things that interest me or I want to learn more about?

Different ways I can learn, like CTE or online course?
