

GET TO KNOW OTHS AP HUMAN GEOGRAPHY

WHAT IS AP HUMAN GEOGRAPHY?

Human Geography is the study of how humans have understood, used, and changed the surface of the Earth. AP Human Geography is equivalent to an introductory college-level course in human geography.

WHAT ARE THE EXPECTATIONS FOR SUCCESS?

Students are expected to complete weekly textbook readings and notes, and complete assignments that cover various topics with the unit that is being studied. Students will need to be able to manage their time efficiently. The class encourages students to be self-sufficient.

HOW ARE STUDENTS ASSESSED?

Quizzes assess knowledge of topics covered in class as well as textbook readings. Information from both the textbook and in-class notes and activities are assessed on tests. The AP Exam is offered in the Spring Semester.
