## **INTRODUCTORY SECTION**

January 27, 2025

The Board of Trustees and Citizens  
Katy Independent School District  
6301 South Stadium Lane  
P.O. Box 159  
Katy, Texas 77492-0159

Dear Board Members and Citizens:

The Annual Comprehensive Financial Report (ACFR) of the Katy Independent School District (the District) for the fiscal year ended August 31, 2024, is presented herein. The ACFR is management's report of the financial operations of the District for the Board of Trustees (the Board), patrons, taxpayers, employees, grantor agencies, the Texas Education Agency (TEA), and other interested parties. The Government-wide Financial Statements in this report provide an overview of the District's governmental activities, while detailed Fund Financial Statements describe specific activities of each fund group used in accounting for the District's financial transactions. This report has been prepared by the District's Financial Services Department in accordance with the accounting principles and reporting standards promulgated by the Governmental Accounting Standards Board (GASB) and the official rules published by the Texas Education Agency.

The ACFR is presented in three sections: Introductory, Financial, and Statistical. The Introductory Section includes this transmittal letter, a list of principal officials and advisors, and an organizational chart. The Financial Section includes the Independent Auditors' Report, Management's Discussion and Analysis (MD&A), basic financial statements, required supplementary information, and other supplementary information. The Statistical Section is designed to reflect social and economic data, financial and fiscal trends, and demographic information.

District management assumes full responsibility for the completeness, fairness, and accuracy of the information contained in this report. We believe the data presented is accurate in all material respects and is presented in a manner to fairly display the financial position of the District as measured by the financial activity of its various funds. We also believe all necessary disclosures are included to enable the reader to gain full understanding of the District's financial activities.

The Texas Education Code Section 44.008 requires an annual audit of the accounts, financial records, and transactions of the District by independent certified public accountants selected by the Board. This requirement has been complied with, and the Independent Auditor's Report has been included in this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of the federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the District's internal controls and compliance with legal requirements, with special emphasis on internal controls and compliance with legal requirements involving the administration of federal awards. These reports are available in the District's separately issued Single Audit Report.

Generally Accepted Accounting Principles (GAAP) requires management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

## **PROFILE OF THE DISTRICT**

The Katy Independent School District was established in 1919 and is governed by an elected Board of seven trustees. The District is a recognized political subdivision of the State of Texas and has the responsibility for and control over all activities related to public education within its 181 square mile boundary. Located approximately 16 miles west of downtown Houston, the District extends beyond the City of Katy into Harris, Fort Bend, and Waller counties. The District and the City of Katy are governed independently, with each having individual taxing authority. The District is an independent entity and has no component units. Any charter school within the District's boundaries is funded separately by the State's Foundation School Program based on their student attendance as well as their program participation. Katy ISD has an enrollment of more than 94,785 students and is comprised of 75 campuses including 46 elementary schools, 17 junior high schools, 9 comprehensive high schools, a high school of choice, an alternative learning center, and a career and technology center. The ages of these facilities range from 0 to 77 years with an average age of 23.7 years. These ages and capacities can be found in Exhibit XVII of the Statistical Section.

Katy ISD provides a learning environment that ensures quality education. Its balanced, dynamic curriculum and cooperative partnership with parents and community prepare students for the changes and challenges of the future and empowers them to pursue productive and fulfilling lives. The District is a partnership of teachers, parents, and the community. Because of this working alliance, each year Katy ISD students, staff, schools, and volunteers win numerous state and national awards.

Attesting to the solid relationship between the District and the community, Katy ISD offers an award-winning Partners in Education program, providing a number of initiatives encouraging our campuses and community to forge long-term relationships beneficial to all involved.

Katy ISD teachers have access to a rigorous curriculum that is aligned to state standards. They collaboratively design instruction - promoting meaningful learning experiences; encourage connections between and among the disciplines; and promote academic, emotional, physical, social and positive behavioral skills. Relevant learning tasks are developed to assess student learning through a variety of strategies including formative, summative, formal, informal, and project-based activities. Students are encouraged to be actively involved in using evaluation criteria to self-monitor, self-reflect, and self-evaluate. Individual student data is used to inform and guide instruction. Student achievement on statewide tests consistently surpasses statewide achievement levels. Scores for the PSAT, SAT, and ACT rank above both state and national averages. The District's students consistently win individual and team competitions in academics, athletics, and fine arts. Katy ISD is ranked as the number one school district in the Greater Houston Area by Niche, a review site providing rankings and insight into more than 1,200+ school districts in Texas. This year five of the District's high schools were named to the organization's fifty best public high schools in the Houston area while eight of the District's junior high campuses were included in Niche's fifty best public middle schools in the Houston area. The District's elementary campuses also earned eighteen of the top fifty best elementary school spots ranked by Niche in the greater Houston area.

The District is a leader among Texas public school districts in the integration of technology and education. The user experience in the use of technology continues to be at the forefront for over 94,785 students. Katy ISD provides more than 37,000 centrally managed desktop and laptop computers with Windows operating system, 105,000 Chromebooks, and 22,000 tablet devices for our staff and students to achieve the work of teaching and learning. The District also uses more than 6,000 interactive whiteboards to enhance the learning experience through active participation, dynamic learning objects, collaboration, and an online experience for teachers and students.

The Technology Department supports students, staff, and parents through a variety of methods. A knowledge base is provided to allow all users to search and find information. One of the chief issues the technology department addresses each year is username and password support. Therefore, a self-service username and password recovery system is in place to support students, staff, and parents. To that end, staff, students, and parents can ask for assistance through the ticketing system which routes requests to the appropriate support team such as technology operations or instructional technology to ensure support is given when an issue arises.

The District’s website, learning management system, data dashboards, home access center, and mobile app offer communication and information to assist students, parents, and teachers in day-to-day learning, communication, and activities. For example, parents can log in to see items such as grade reporting, lunch balances, bus tracking, library book check-outs, calendars, payment information, course schedules, and announcements.

Ensuring our students can access resources easily at home and school is a key to success; therefore, the single sign-on platform, MyKaty Cloud, offers resources based on a student’s or staff member’s role and campus. These resources include items such as online textbooks, Discovery Education, encyclopedias, core content applications, library system, Microsoft Office 365, as well as student grade reporting. My Katy Cloud allows our staff, students, and parents anytime, anywhere access to digital resources. Katy Virtual School is key for Katy ISD’s high school students. The Katy Virtual School offers over 65 academic and Advanced Placement courses for students to access and complete year-round.

The implementation of a data warehouse that aggregates large amounts of siloed data into a rich display of easy-to-read visualizations has been a big win for stakeholders. The development of numerous data dashboards has aided decision-making for campuses and departments, while publicly accessible data is displayed on the District's website. The “Student Dashboard” is the newest dashboard that compiles data from multiple systems on the progress of a student’s performance as well as addressing the social and emotional aspects of teaching and learning. This dashboard aids teachers in making better decisions for each student.

The passage of the 2023 Bond Referendum in November 2023 continues to allow the Katy ISD Technology Department to proceed with plans to implement technology for four new campuses, retrofit outdated technology for 44 campuses, distribute technology to every student in grades three through twelve, and upgrade the network infrastructure. A defined standard of technology was created as a strategic design goal and approved throughout the Katy Technology Oversight Committee (KTOC). The technology that is implemented includes items such as desktop computers, laptops, Chromebooks, interactive panels, network infrastructure, security cameras, projectors, document cameras, and visitor check-in stations. To ensure campuses remain equipped with up-to-date technology, Katy ISD follows a five-year retrofit cycle for all new equipment installations.

A strong infrastructure allows the District to support a wide variety of technologies. A few of the technologies that set the District apart is a multi-layered security infrastructure, an IP-based phone system and access points in each classroom. With the addition of filtered public Wi-Fi, the District continues to support well over 135,000 devices on its Wi-Fi each day. The building automation systems, lighting, and air conditioning controls also use the District technology infrastructure. The safety of the District’s campuses relies on this strong technology infrastructure, and to that end, the installation of door-access controls and video cameras throughout each campus supports security throughout the District.

The Technology department continues to learn and understand the needs of our students and teachers to keep them at the forefront for support and the advancement of learning.

Katy ISD is comprised of dedicated and aspiring professionals with a common goal “to do whatever it takes” for student success. The emphasis is on meeting the needs of students through engaging instruction, a supportive classroom environment, and a wide variety of extracurricular activities. The success of the District could not be achieved without the efforts of outstanding teachers and staff. Katy ISD has been ranked in the top ten employers in Texas multiple times by the Forbes survey, *America’s Best Employers by State*.

## **ECONOMIC CONDITION AND OUTLOOK**

### ***Local Economy***

The area’s economy is diverse with concentrations in healthcare, real estate, oil and gas, commercial building, retail trade, and service-producing industries. Many employers recruit their professional workers from the west Houston area; therefore, local educational institutions are a key component to producing employees with high educational backgrounds. The greatest strength of the area’s economy is its human capital. Maintaining the competitive advantage of having well-educated and highly compensated workers requires several educational initiatives, including the public support of local schools as enrollments grow and become more diverse, and access to higher education for residents through partnerships between public schools, businesses, and local universities.

Katy ISD's reputation of strong educational programs is reflected by its academic achievements and the school district is expected to continue its strong growth and development. Amenities such as the school system, proximity to employment and activity centers, and an effective transportation system combine to attract new residents. Several large projects continue to draw people to the District including several master planned residential developments, healthcare facilities for Texas Medical Center staples like Texas Children's, Methodist, MD Anderson, and Memorial Hermann Hospitals, as well as numerous commercial projects including business parks, hotels, restaurants, entertainment venues, and shopping centers. In addition, residents have more mobility options with access to I-10 and the Grand Parkway, both of which bisect the district and provide major arteries to all parts of the District while the Westpark Tollway runs along the southern boundary of the District and provides access directly to Houston's Energy Corridor.

### ***Growth and Long-Range Planning***

Katy ISD continues to be one of the fastest-growing school districts in the state. With a 2023-2024 enrollment of 94,785 students, the District's growth continues. The latest demographic report predicts that, with the anticipated growth projections, approximately 103,000 students will attend Katy ISD schools by the year 2034. There are many reasons for the District's growth, but a community survey revealed the primary reason new residents move to the Katy area is because of its schools.

In November of 2017, a \$609.2 million bond referendum was passed by voters to address anticipated growth. A new Raines Academy facility was completed in December 2021. Existing facilities saw completion of projects including kitchen and serving line renovations, additions of floral coolers at four high schools, replacement of underground fuel tanks, renovations of Career and Technical Education areas, and renovation of the District's Outdoor Learning Center. Other bond projects completed consist of component replacements, technology upgrades, safety and security upgrades at existing facilities, additional school buses, and property acquisitions.

In May of 2021, a \$676.2 million bond referendum was passed by voters to address anticipated growth. Bond projects completed include three elementary schools as well as a junior high school and high school completed in the summer of 2024. The bond also includes the construction of a new transportation center in the northwest quadrant of the District. Existing facilities will see improvements through renovations to three elementary schools and one high school. Two elementary school and one junior high building addition have also been completed from this referendum. Other 2021 Bond Projects include component replacements, technology upgrades, safety and security upgrades at existing facilities, additional school buses, and property acquisitions for future campuses.

In November of 2023, an \$806.6 million bond referendum was passed by voters to address anticipated growth. This bond provides for three elementary schools and one junior high school. Existing facilities will see improvements through renovations to five elementary schools and two junior high schools. Additionally, one elementary and one high school as well as multiple sites throughout the district will receive additions or expansions. Other 2023 Bond Projects include component replacements, technology upgrades, safety and security upgrades at existing facilities, additional school buses, and property acquisitions for future campuses.

The population of the District continues to grow and all indicators point to continued growth over the next decade. This makes it imperative for Katy ISD to plan wisely for the future and the need for additional facilities and renovations remains a financial focal point. The District maintains a Long-Range Facilities Plan that projects and prioritizes facility needs over the next five to ten years. This plan, which includes both new and existing facilities, serves as a tool to assist bond planning committees. The plan is updated annually and used for each bond referendum and the District continuously develops and monitors both short-term and long-term budget priorities based on the schedule for opening new facilities and renovations, projected enrollments, and projected funding levels based on current law.

The District is an active member of a coalition of fast-growing school districts that work with legislators to address problems, needs, and challenges specific to districts in a fast-growth environment. Facility funding, operating costs associated with additional facilities, tax rate limitations, and other problem areas experienced by growing districts are the focus of the coalition.

## **FINANCIAL INFORMATION**

### ***Accounting Systems***

The Board of Trustees maintains a system of accounting controls designed to assist the administration in meeting its responsibility for accurately reporting the financial condition of the District. The system is designed to provide reasonable assurance that assets are safeguarded against loss, theft, or misuse so activities can be recorded and transacted by the administration for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable, rather than an absolute, assurance the financial statements will be free from material misstatement. The cost of operating the District's schools and the revenues to cover these costs are accounted for through the General Fund. Food service operations and special programs funded by local, state and federal government grants designed to accomplish a particular objective are accounted for in the Special Revenue Fund.

The District accounts for school construction financed by bond sales through a Capital Projects Fund. A specific portion of the tax rate is dedicated to the payment of bond principal and interest. These transactions are recorded in the Debt Service Fund.

The District has established Internal Service Funds to account for the transactions of its print shop operations, self-insured workers' compensation, and health insurance plans. Income for these funds is derived primarily from charges to governmental funds based on usage.

The District has established an Enterprise Fund to account for repair and replacement Class 1:1 device parts. Income for this fund is derived from optional insurance and device payments from parents as all students in third through twelfth grade were issued a district owned personal computing device.

Custodial Funds are included in the ACFR in the financial schedules of student activity funds. Accounting for these funds is managed centrally by the Financial Services Department, using the same uniform accounting procedures and guidelines as the General Fund.

The District's accounting records are maintained on a modified accrual basis for governmental fund types and a full accrual basis for the proprietary fund types as prescribed by Texas Education Agency Financial Accountability System Resource Guide (the "Resource Guide" or "FASRG"). Additionally, the District has prepared the Government-wide Financial Statements on the full accrual basis as required by Governmental Accounting Standards Board Statement No. 34.

Financial data is submitted by the District to the Texas Education Agency through the Public Education Information Management System (PEIMS). The data is then analyzed, reviewed and presented to the State Board of Education.

### ***Budgetary Process***

State law requires every local education agency in Texas to prepare and file an annual budget of anticipated revenues and expenditures with the Texas Education Agency. The budget itself is prepared utilizing a detailed line-item approach for governmental fund types and is prepared in accordance with the budgeting requirements outlined in the State Resource Guide. The intent of the District's budgetary process is to allocate the most effective mix of educational and financial resources available for attaining the goals and objectives of the District. This includes the identification and prioritization of as many separate educational and education support components as reasonably possible. These components are initially identified and prioritized by the organizational manager most directly responsible and are later reviewed by principals, department heads, central administrators, and finally the Board of Trustees.

This priority budgeting approach allows the District to establish layers of expenditures that can be matched to the anticipated revenues and desired levels of fund balances. The ultimate decision on the level of funding and components to be funded is the responsibility of the Board.

The budget may be amended during the year to address unanticipated or changing needs of the District. Changes to functional expenditure categories, revenue objects, or other sources and uses require Board approval.

***Significant Financial Activities***

Tax rate compression, driven by the implementation of House Bill 3 and further action in Senate Bill 2, reduced the District’s Maintenance and Operations (M&O) tax rate for the 2023-2024 tax year to \$0.7294 from the previous year’s rate of \$0.9148. District enrollment increased from the prior year by approximately 2,118 students at the Public Education Information Management (PEIMS) snapshot date in October 2023. Growth continued throughout the year reaching 95,942 at the end of the 2023-2024 school year, surpassing the budgeted projection of 95,347 by 595 students. Katy ISD continues to be the fastest growing district by number of students. An attendance incentive was implemented during the school year which led to the District having average daily attendance percentages that exceeded anticipated levels.

The District’s 2023-2024 tax base grew \$2.7 billion, an increase of 4.9%. Residential properties, including multi-family residences, comprised 75.1% of the total tax base, commercial property 21.4%, and vacant land and other property 3.5%. Due to the District’s boundaries falling within three counties, property located in Katy ISD is appraised by three County Appraisal Districts (CAD’s).

The District has an inter-local agreement with the City of Katy to participate in a Tax Increment Reinvestment Zone (TIRZ). Maintenance and Operation (M&O) taxes collected on real property located within the reinvestment zone are contributed to the TIRZ and used to service bonded debt on a multipurpose facility located within the zone. Tax contributions exceeding the annual debt requirements and related expenses are returned to the District to be used within the TIRZ at the discretion of the District.

House Bill 3 of the 86<sup>th</sup> Legislature imposed property tax relief and compressed the District’s 2019-20 M&O tax rate to \$1.0531. Increases in property values in the District resulted in further M&O rate compression for the 2020-21 year to \$0.9988, 2021-22 to \$0.9617, and 2022-23 to \$0.9148. Senate Bill 2 of the 88<sup>th</sup> Legislature provided further compression in 2023-2024 to \$0.7294. The District’s I&S tax rate was held steady at \$0.3900 for the 2023-24 tax year.

The tax rates per \$100 of assessed value for the last five years are as follows:

	2019-20	2020-21	2021-22	2022-23	2023-24
General Fund	\$ 1.0531	\$ 0.9988	\$ 0.9617	\$ 0.9148	\$ 0.7294
Debt Service Fund	0.3900	0.3900	0.3900	0.3900	0.3900
Total	<u>\$ 1.4431</u>	<u>\$ 1.3888</u>	<u>\$ 1.3517</u>	<u>\$ 1.3048</u>	<u>\$ 1.1194</u>

**AWARDS AND ACKNOWLEDGEMENTS**

***Financial Reporting Awards***

For the twenty second consecutive year, the District scored the highest possible rating of “Superior Achievement” for the Schools FIRST (Financial Integrity Rating System of Texas), a financial accountability system for Texas School Districts developed by the Texas Education Agency in response to Senate Bill 875 of the 76<sup>th</sup> Texas Legislature in 1999. The primary goal of Schools FIRST is to ensure quality performance in the management of school districts’ financial resources, a goal made more significant due to the complexity of accounting associated with the Texas school finance system.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report for the fiscal year ended August 31, 2023, the forty-first consecutive year the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. The report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only, and we will be submitting our current Annual Comprehensive Financial Report as we believe it continues to meet the requirements of the award program.

Additionally, the District was awarded the Certificate of Excellence in Financial Reporting by the Association of School Business Officials International (ASBO) for its Annual Comprehensive Financial Report for the year ended August 31, 2023. This award has also been received for forty-one consecutive years. We believe the Annual Comprehensive Financial Report for the year ended August 31, 2024, continues to conform to the standards for which this award was granted.

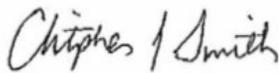

***Acknowledgements***

We appreciate the support of the Board, District staff, the residents of the District, and the business community, all of whom work cooperatively to ensure the best education for Katy ISD students and the prudent development of the District. This cooperation is indicative of the strong support for the attainment of excellence in the District's education programs.

Also, we would like to express an appreciation to all employees in the District for their interest and support in planning and conducting the financial affairs of the District in a responsible and progressive manner.

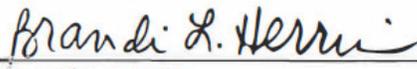

Finally, a special thanks to the Financial Services Department for its diligence and dedicated service in helping prepare this report on a timely basis.

**FINANCIAL REPORTING**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Katy Independent School District, Texas for its Annual Comprehensive Financial Report for the fiscal year ended August 31, 2023.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report, whose contents conform to program standards. Such reports must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

Receiving the award is recognition that a school system has met the highest standards of excellence in government accounting and financial reporting.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
Katy Independent School District

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Katy Independent School District (the "District"), as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of August 31, 2024, and the respective changes in financial position, and, where applicable, cash flows where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, budgetary comparison information, pension information, and other-post employment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Trustees  
Katy Independent School District

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules and required Texas Education Agency compliance schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and required Texas Education Agency compliance schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Houston, Texas  
January 27, 2025

## **KATY INDEPENDENT SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS**

Our discussion and analysis of Katy Independent School District's (the District) financial performance provides an overview of the District's financial activities for the year ended August 31, 2024. It should be read in conjunction with the information in the letter of transmittal and the District's financial statements.

### **FINANCIAL HIGHLIGHTS**

The District's assets and deferred outflows exceeded liabilities and deferred inflows as of August 31, 2024, resulting in a net position of \$322.0 million. Of this amount, unrestricted net position represents a deficit net position of \$150.5 million. The \$322.0 million of the District's total net position represents an increase of \$75.3 million. The deficit unrestricted net position is the result of adjustments required by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*, which require the District to reflect its proportionate share of the post-employment pension and benefit liability in the financials. The inclusion of this financial data does not affect the financial stability of the District, nor does it influence financial decisions for the District.

The District's Governmental Fund Financial Statements reported a combined ending fund balance in fiscal year 2024 of \$766.8 million. The total fund balance for the General Fund was \$364.3 million or 35.5% of the total General Fund expenditures of just over \$1.0 billion. The Debt Service Fund ended its year with a fund balance of \$64.5 million which is to be used for the retirement of debt. The Capital Projects Fund ended the year with a fund balance of \$291.3 million which is restricted for school district construction projects and property acquisition. The Special Revenue Fund had a balance totaling \$46.6 million.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to introduce the District's Basic Financial Statements. The District's Basic Financial Statements are comprised of three components: 1) Government-wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to the Basic Financial Statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves, including schedules required by the Texas Education Agency (TEA).

#### **Government-wide Financial Statements**

*Government-wide Financial Statements* are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business. All the District's services are reported in the Government-wide Financial Statements, including instruction, student transportation, general administration, school leadership, facilities acquisition and construction, and child nutrition services. Property taxes, state aid, federal aid, and investment earnings finance most of the activities. Additionally, all capital and debt financing activities are reported here.

*Statement of Net Position* presents information on all the District's assets, liabilities, and deferred outflows/inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating, although the effects of accounting pronouncements such as GASB No. 68 and GASB No. 75 will require consideration as net position is analyzed.

*Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event causing the change occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and unused leave retirement bonuses).

The Government-wide Financial Statements distinguish functions of the District that are principally supported by taxes and revenues from other functions intended to recover all or a significant portion of their costs through user fees and charges.

**KATY INDEPENDENT SCHOOL DISTRICT**  
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

**OVERVIEW OF THE FINANCIAL STATEMENTS (continued)**

**Fund Financial Statements**

The District uses fund accounting to track specific sources of funding and spending for particular purposes. A fund is an accounting device used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the District's funds can be divided into three categories: Governmental Funds, Proprietary Funds, and Fiduciary Funds. The Fund Financial Statements provide more detailed information about the District's most significant funds, not the District as a whole.

**Governmental Funds** are used to account for essentially the same functions reported as government activities in the Government-wide Financial Statements. Most of the District's activities are included in governmental funds which focus on 1) how cash and other financial assets, that can readily be converted to cash, flow in and out and 2) the balances that are available for spending at year-end. Consequently, the Governmental Fund Statements provide a detailed short-term view that helps determine whether more or fewer financial resources can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the Government-wide Statements, additional information is provided in Figure A-1 to explain the relationship between them.

The District maintains four governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Debt Service Fund, and Capital Projects Fund which are considered to be major funds. Data from the Special Revenue Fund programs are combined into a single, aggregated presentation which qualifies as a major fund, and data for each of these is provided in the form of combining schedules that can be found elsewhere in the financial statements.

The District adopted an annual appropriated budget for the General Fund, Debt Service Fund and Food Service Fund. A budgetary comparison schedule has been provided to demonstrate compliance with these budgets.

**Proprietary Funds** are used to account for operations that are financed similar to those found in the private sector. These funds provide both short-term and long-term financial information. There are two types of proprietary funds.

The first type is the Enterprise Fund, which is used to report the same functions presented as business type activities in the Government-wide Financial Statements. In the Enterprise Fund, the District collects payments from parents for optional device insurance and parts to repair Class 1:1 devices issued to third through twelfth grade students. The Class 1:1 initiative provides every third through twelfth grade student in Katy ISD with a personal computing device for both classroom and home use beginning Fall 2024.

The second type is the Internal Service Fund, which is used to accumulate and allocate costs internally among the various functions. Internal Service Funds are used to support governmental activities such as the District's Workers' Compensation, Health Insurance, and Print Shop funds. These three funds are combined into a single aggregated presentation in the Proprietary Fund Financial Statements.

**Fiduciary Funds** are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. The Fiduciary Funds are excluded from the activities in the District's Government-wide Financial Statements because the District cannot use these assets to finance its operations.

**Notes to the Financial Statements**

The notes provide additional information essential to a complete understanding of the data provided in the Government-wide and Fund Financial Statements.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS (continued)**

**OVERVIEW OF THE FINANCIAL STATEMENTS (continued)**

**Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. The required supplementary information relates to a comparison of the original adopted budget, the final amended budget, and the actual expenditures for the fiscal year. This is Required Supplementary Information for the General Fund and any major special revenue funds. The General Fund is the only fund presented as required supplementary information. The Required Supplementary Information also provides data related to the District’s participation in pension and other post-employment benefit plans as required by GASB Statements No. 68 and 75.

**Other Supplementary Information**

Other Supplementary Information provides additional analysis and is not a required part of the basic financial statements. Other Supplementary Information includes comparative information on selected funds and additional detail of the General Fund’s revenues and expenditures. It also contains the combining statements referred to earlier in connection with the special revenue fund and certain compliance schedules required by state regulatory agencies.

The remainder of this overview section of the Management’s Discussion and Analysis explains the structure and contents of each of the statements. Figure A-1 summarizes the major features of the District’s financial statements, including the portion of the District covered and the types of information contained.

**Figure A-1. Major Features of the District’s Government-wide and Fund Financial Statements**

Type of Statements	Funds Statements			
	Government-wide	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire District's government (except fiduciary funds)	The activities of the District that are not proprietary or fiduciary	Activities the District operates similar to private business	Instances in which the District is the trustee or custodian for someone else's resources
Required financial statements	Statement of net position	Balance sheet	Statement of net position	Statement of fiduciary net position
	Statement of activities	Statement of revenues, expenditures, and changes in fund balances	Statement of revenues, expenses, and changes in fund net position Statement of cash flows	Statement of changes in fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

**KATY INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS (continued)**

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Presented in the following pages, Tables I and II are the summarized Statement of Net Position and Statement of Changes in Net Position for both current and prior-year data. Our analysis focuses on the current year and the comparison of prior-year amounts on the net position (Table I) and changes in net position (Table II) of the District’s governmental activities.

**Net Position**

Net position may serve over time as a useful indicator of a District’s financial position. As of August 31, 2024, the District’s assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$322.0 million, an increase of \$75.3 million.

Net Position Summary						
Table I						
	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Current and Other Assets	\$ 947,995,282	\$ 868,829,774	\$ 844,555	\$	\$ 948,839,837	\$ 868,829,774

Long-Term Liabilities	3,167,180,590	3,001,746,284			3,167,180,590	3,001,746,284
Other Liabilities	158,517,952	166,452,922			158,517,952	166,452,922
Total Liabilities	3,325,698,542	3,168,199,206			3,325,698,542	3,168,199,206
Total Deferred Inflows of Resources	239,031,088	269,697,550			239,031,088	269,697,550
Net Position:						
Net Investment in Capital Assets	367,644,476	296,161,462			367,644,476	296,161,462
Restricted	104,868,725	102,508,477			104,868,725	102,508,477
Unrestricted	(151,356,958)	(151,974,205)	844,555		(150,512,403)	(151,974,205)
Total Net Position	\$ 321,156,243	\$ 246,695,734	\$ 844,555	\$	\$ 322,000,798	\$ 246,695,734

Table I represents a summary of the District’s net position as of August 31, 2024 and 2023 based on information from the Statement of Net Position in Exhibit A-1.

*Net investment in capital assets* of \$367.6 million reflects the District’s investment of \$2.6 billion in capital assets (e.g., land, building and improvements, and furniture and equipment) less any related debt used to acquire those assets still outstanding. These assets are not available for future spending.

*Restricted net position* of \$104.9 million is an additional portion of the District’s net position which represents resources that are subject to external restrictions on how they may be used.

*Unrestricted net position* reflects a deficit of \$150.5 million, resulting from adjustments required by GASB Statement No. 68 for pension plan benefits and GASB Statement No. 75 for other post-employment benefits (OPEB). Although the District reports a deficit, the deficit is primarily due to reporting the District’s proportionate share of the net pension and OPEB liability. The total District liability is reported in the governmental activities; however, the actual liability does not require the use of current resources at the fund level, which results in a timing difference since the TRS-Care plan is funded on a pay-as-you-go basis. The District has made all contractually required contributions as noted in the required supplementary information and has sufficient fund balance to meet the District’s ongoing obligations to students and creditors.

As shown in Table II, the net position of the District’s governmental activities increased by \$74.5 million for the year ended August 31, 2024. The total cost of all governmental activities this year was \$1.3 billion, which is a 9.5% increase from the previous year. The amount that the District’s taxpayers paid for governmental activities through property taxes was \$601.1 million or 42.7%, with state funding of \$538.7 million or 38.2%, and operating grants and contributions of \$205.5 million or 14.6% as the next most significant sources of revenue. Other sources of revenue for governmental activities were \$46.5 million in other revenues, \$14.2 million in charges for services, and \$2.5 million in insurance proceeds related to Winter Storm Uri.

**KATY INDEPENDENT SCHOOL DISTRICT**  
MANAGEMENT’S DISCUSSION AND ANALYSIS (continued)

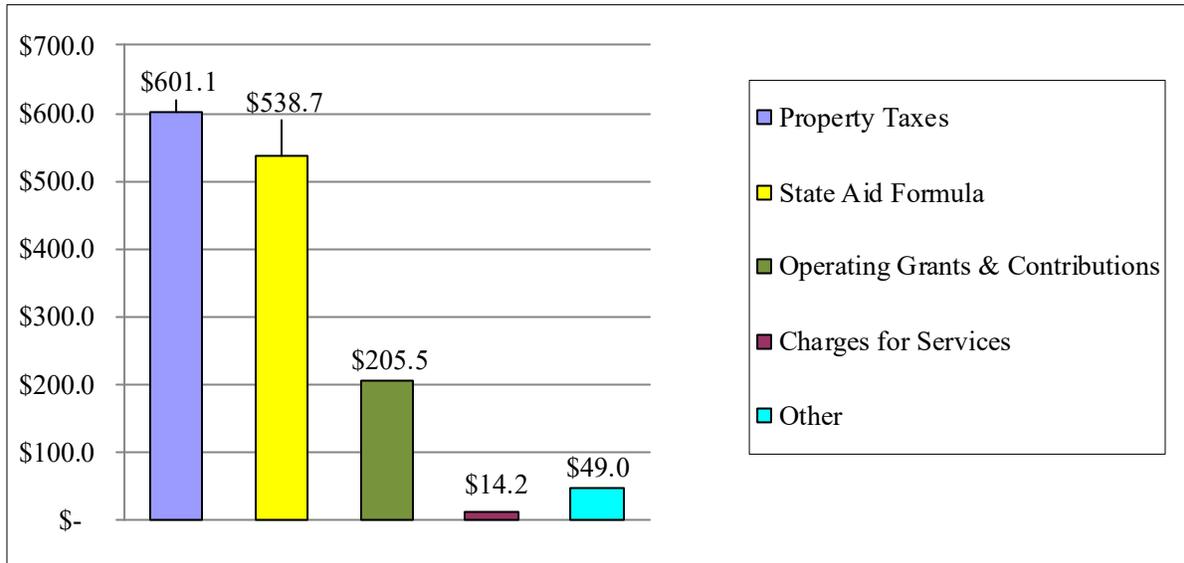

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)**

**Governmental Activities**

Further analysis of changes in governmental activities are summarized as follows:

- Tax revenues decreased by \$87.0 million. The decrease was attributable to increased tax compression and an increase in the homestead exemption from \$40,000 to \$100,000, offset by growth in the tax base of \$2.7 billion.
- State revenues increased \$153.9 million, mainly due to funding formulas offsetting the decrease in tax revenues and an increase in weighted average daily attendance over the prior year.
- Operating Grants and Contributions increased \$16.9 million. This is primarily due to a \$18.3 million increase in revenue related to additional state aid for the increased homestead exemption for interest and sinking tax collections.
- Other revenues increased \$9.4 million. This is primarily due to a \$11.3 million increase in investment earnings due to the rise in interest rates.
- Expenses increased \$115.5 million. This increase was primarily due to a 3% salary increase to all employees, additional staff for growth and new schools, and Pension and OPEB On Behalf expense allocations.

MANAGEMENT’S DISCUSSION AND ANALYSIS (continued)

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (continued)**

**Governmental Activities (continued)**

**Figure A-3**  
**Program Expenses by Major Function – Governmental Activities**

**Business-type Activities**

Revenues for the District’s business-type activities were \$0.8 million with no expenses for the year ended August 31, 2024. The enterprise fund was established at the end of fiscal year 2024 to account for insurance payments received from parents for the newly implemented Class 1:1 initiative for the 2024-2025 school year in which every third through twelfth grade student was issued a District owned personal computing device.

**FINANCIAL ANALYSIS OF THE DISTRICT’S FUNDS**

**Governmental Funds**

The District’s accounting records for general governmental operations are maintained on a modified accrual basis as prescribed by the Financial Accountability System Resource Guide, Texas Education Agency, with the revenues being recorded when available and measurable to finance expenditures of the fiscal period. Expenditures are recorded when services or goods are received, and the fund liabilities are incurred. The general governmental operations include the following major funds: General, Debt Service, Capital Projects and Special Revenue.

**KATY INDEPENDENT SCHOOL DISTRICT**  
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (continued)**

**Governmental Funds (continued)**

Revenues from all Governmental Funds totaled \$1.4 billion for the fiscal year ended August 31, 2024, an increase of 5.7% from the prior fiscal year. Local revenues, including property taxes, continued to be the largest source of revenue received by the District but decreased \$75.9 million from fiscal year 2023 due to a decrease of \$88.7 million in property taxes attributable to increased tax compression and an increase in the homestead exemption which is offset by an increase of \$11.2 million in investment income earned due to higher interest rates. State revenues increased by \$183.6 million, or 40.8% from fiscal year 2023, due to funding formulas offsetting the decrease in tax revenues as well as increased weighted average daily attendance. Federal revenues decreased \$30.9 million, or 23.6%. This reduction was mostly due to \$19.0 million less in federal funds received for COVID-19 impacts compared to prior year and \$9.7 million in reduced funding received during the year from School Health and Related Services (SHARS). The District has filed a formal appeal related to the District's allocation of SHARS funds.

Expenditures for governmental operations totaled \$1.6 billion during the fiscal year 2024, a decrease of \$24.9 million or 1.5%. This is primarily attributable to a decrease in expenditures in the Capital Projects fund of \$129.2 million as capital outlay from construction decreased on Youngblood Elementary and Faldyn Elementary which were completed in the prior year and substantial completion of Nelson Junior High and Freeman High School in the prior year. The decrease is offset by the new construction of Elementary #47 and Elementary #48 in the current year. Offsetting the Capital Projects decrease, the General Fund added an increase in expenditures of \$77.6 million of which \$64.3 million resulted from payroll expenses mostly related to a three percent salary increase to all employees along with increases in staffing to address an enrollment increase of over 2,600 students in the District. The Debt Service Fund also had an increase in expenditures of \$28.0 million due mainly to increased principal payments and defeasance of additional debt.

The Governmental Funds reported a combined fund balance of \$766.8 million, an increase of \$79.4 million from the combined fund balances for 2023. Changes to the combined fund balances include an \$11.5 million increase in the General Fund, a decrease in the Debt Service Fund of \$0.1 million, an increase in the Capital Projects fund of \$67.8 million, and an increase of \$0.2 million in the Special Revenue Fund. Out of the combined fund balances, \$273.7 million constitutes unassigned fund balances. Of the remainder of the fund balance, \$3.4 million is non-spendable, \$393.9 million is restricted for items such as debt service, food services, and capital projects, \$24.1 million is committed to self-funded insurance, unanticipated expenditures, and campus activity funds, and \$71.7 million is assigned for the opening of new schools, capital purchases, encumbered amounts, addressing current and future legislative impacts, addressing inflationary impacts, maintaining the debt service tax rate, property and liability insurance inflation, the technology retrofit schedule, and the compensation plan.

**The General Fund** is the primary operating fund of the District. Local revenue decreased due to tax compression and the state homestead exemption being increased from \$40,000 to \$100,000 but was offset by growth in tax base and increased interest earnings. Additionally, state revenue was more than expected due to funding formulas offsetting the decrease in tax revenues, large student growth, and increased attendance rates. Although the District increased costs by providing staff a 3% raise and adding staff to accommodate an increase in student growth, the District was able to increase fund balance by \$11.5 million. At the end of the current fiscal year, the fund balance for the General Fund was \$364.3 million. Unassigned fund balance represents 26.7% of the total General Fund expenditures, and total fund balance represents 35.5% of General Fund expenditures.

**The Debt Service Fund** ended the year with a fund balance of \$64.5 million, all of which was restricted for the payment of debt service. This was a reduction in fund balance of \$0.1 million. The District's increase in expenditures as a result of bond issuance costs and defeasance of additional debt exceeded the additional state aid received for the increased homestead exemption for interest and sinking tax collections. The District makes semi-annual debt service payments in February and August of each year. Debt service payments including bond fees for the year ended August 31, 2024, were \$237.6 million.

**KATY INDEPENDENT SCHOOL DISTRICT**  
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (continued)**

**Governmental Funds (continued)**

*The Capital Projects Fund* ended the year with a fund balance of \$291.3 million which is an increase of \$67.8 million over 2023. This increase is due to a bond sale of \$245.9 million exceeding expenditures in which Nelson Junior High and Freeman High School were completed but had substantial costs in the prior fiscal year. Additionally, construction on Elementary #47 and Elementary #48 commenced.

*The Special Revenue Fund* ended the year with a fund balance of \$46.6 million which is an increase of \$0.2 million from 2023. The Tax Increment Reinvestment Zone program saw an increase of \$3.9 million primarily attributable to an increase in revenue from higher taxable values and minimal expenditures from the fund. Additionally, campus activity funds had an increase of \$0.4 million due to additional fundraising activities. The Nutrition and Food Service Program ended the year with a decrease to ending fund balance of \$4.1 million due to replacement of kitchen equipment.

**Proprietary Funds**

*The Enterprise Fund* ended the year with a net position of \$0.8 million. This is the result of revenue received in August 2024 for the newly implemented Class 1:1 initiative in the 2024-25 school year in which each student in third through twelfth grade is issued a District owned personal computing device. The revenue was derived from optional insurance paid by parents of students.

*The Internal Service Funds* of the District consists of three difference funds. Information is presented separately in the Proprietary Funds Combining Statement of Net Position, Proprietary Funds Combining Statement of Revenues, Expenses, and Changes in Fund Net Position, and Proprietary Funds Combining Statement of Cash Flows for the Health Insurance, Workers' Compensation, and Print Shop Funds. Net position in these funds as of August 31, 2024, was \$7.9 million. Of this amount, \$4.1 million was for Health Insurance, \$3.8 million was for Workers' Compensation and the Print Shop ended the year with no fund balance. Net position for the fiscal year increased \$6.3 million, primarily due to increased health fund revenues due to health fund supplements from the general fund and worker's compensation costs being less than expected.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

Over the course of the year, the District revised its budget several times. Revisions to the revenue budget were necessary due to changes in estimates for local and state revenue based on updated information relating to tax collections, interest earnings, student attendance and federal revenue. Revisions to the expenditure budget were made to reflect actual expenditures associated with employee vacancies, contracted services for private transportation and special education services, note payable expenditures, subscription arrangements, and vehicle purchases.

The District's major budget amendments presented to the Board of Trustees throughout the year are summarized as follows:

- The total General Fund revenue budget was increased by \$3.4 million. Significant changes included:
  - The local revenue budget decreased by \$15.1 million. This is mostly related to a \$29.0 million reduction in tax collections due to tax compression and the homestead exemption increasing from \$40,000 to \$100,000 and tax refunds. This was offset by an \$11.4 million adjustment to interest earnings resulting from higher interest rates.
  - The state revenue budget increased by \$27.7 million mainly due to funding formulas offsetting the decrease in tax revenues along with an increase in weighted average daily attendance.
  - The federal revenue budget decreased by \$9.3 million. This decrease was mostly attributable to a \$9.8 million decrease in funding received during the year from School Health and Related Services (SHARS). The District has filed a formal appeal related to the District's allocation of SHARS funds.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**MANAGEMENT’S DISCUSSION AND ANALYSIS (continued)**

**GENERAL FUND BUDGETARY HIGHLIGHTS (continued)**

- The District increased the expenditure budget by \$12.2 million throughout the year. Significant changes included:
  - The payroll budget decreased \$5.0 million. This decrease is due to underspending related to vacancies throughout the year.
  - The contracted services budget increased \$5.3 million mostly attributable to contracted transportation and special education services. Much of this is directly related to the vacancies described above in the payroll budget.
  - The other operating expenses budget increased \$2.8 million of which \$1.5 million is due to an increase in property and liability insurance and an increase from the original budgeted payment to the Katy Development Authority. This increase is a result of increased property values. Additionally, a \$1.0 increase is related to property and liability insurance.
  - The capital outlay budget increased \$9.2 million of which \$7.6 million is attributable to subscription based information technology arrangements (SBITA’s) entered into during the fiscal year and \$0.8 million is related to vehicle purchases.

After revenue and expenditure budgets were adjusted as described above, the District’s actual General Fund amounts differed from the final budget as reported in the budgetary comparison schedules in Exhibits F-1, G-2, and G-3 of this report. Final revenues realized were over budgeted amounts by \$5.2 million or 0.5% of the final budgeted amount.

Expenditures were \$15.5 million less than final budgeted amounts. Of the remaining unspent funds, \$5.1 was related to underspending in professional and contracted services and \$4.3 million was attributable to payroll costs due to vacancies throughout the year.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The District has invested \$2.6 billion, net of accumulated amortization and depreciation, in a broad range of capital assets, including land, equipment, buildings, and vehicles. This amount represents a net increase (including additions, deductions, accumulated amortization and depreciation) of \$104.1 million from the prior year.

<b>Capital Assets (net of amortization and depreciation)</b>				
Table III				
	Governmental Activities			
	2024	2023	Change	Percentage
Land	\$ 108,239,798	\$ 104,088,203	\$ 4,151,595	3.99%
Buildings and Improvements	2,290,261,486	2,015,673,363	274,588,123	13.62
Furniture and Equipment	146,364,711	137,440,116	8,924,595	6.49
Vehicles	31,414,712	33,876,456	(2,461,744)	(7.27)
SBITA Assets	11,071,807	10,276,790	795,017	7.74
Right to Use Leased Assets		81,929	(81,929)	(100.00)
Library Books and Media	1,876,292	1,716,776	159,516	9.29
Construction in Progress	57,785,011	239,718,674	(181,933,663)	(75.89)
Total Capital Assets, Net of Amortization and Depreciation	<u>\$ 2,647,013,817</u>	<u>\$ 2,542,872,307</u>	<u>\$ 104,141,510</u>	<u>4.10%</u>

The increase in capital assets net of amortization and depreciation was due mainly to an increase in construction in progress from Nelson Junior High, Freeman High School, Elementary #47, Elementary #48, and renovations to various schools across the District. These and other projects are part of the District’s building program, which is funded primarily by the District’s 2021 and 2023 bond authorizations. More detailed information about the District’s capital assets is presented in Note 9 to the financial statements.

**KATY INDEPENDENT SCHOOL DISTRICT**  
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

**CAPITAL ASSETS AND DEBT ADMINISTRATION (continued)**

**Debt Administration**

At the end of the fiscal year, the District had total long-term liabilities of \$3.2 billion as illustrated in Table IV. This amount consists primarily of general obligation bonds backed by the full faith of the State of Texas's Permanent School Fund. Included in the outstanding debt of the District for financial reporting purposes is the Note Payable for the multi-purpose complex constructed for the District by the Katy Development Authority through a Tax Increment Reinvestment Zone (TIRZ). The \$1.6 million Note Payable will be paid from property taxes collected through the TIRZ.

The District's bonds are rated AAA by Standard & Poor's (S&P) and Aaa by Moody's Investor Service (Moody's) based on the guarantee of the Permanent School Fund of the State of Texas. The District's underlying ratings are AA by Standard & Poor's and Aa1 by Moody's Investor Service.

The District's net pension liability increased by \$74.5 million as a result of various factors including differences between projected and actual investment earnings. The net OPEB liability decreased by \$7.2 million mainly due to changes in actuarial assumptions.

More detailed information about the District's liabilities is presented in Note 10 to the financial statements.

**KATY INDEPENDENT SCHOOL DISTRICT**  
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

As part of the budget development process, the District's management has taken into consideration all the factors that drive school district budgets: enrollments, property values, state funding, facility needs and the local economy.

The District prepared the 2024-25 budget with enrollment projected to increase to 96,637 and taxable value growth of 9.6% over ending values for the 2023-2024 fiscal year. This increase in tax base triggers property tax rate reductions implemented in House Bill 3 and further reduced in Senate Bill 2 resulting in the District M&O rate falling from \$0.7294 to \$0.7271 per \$100 valuation. The Debt Service Rate remains unchanged at \$0.3900 per \$100 valuation. The Board of Trustees adopted an operating budget for the 2024-2025 fiscal year with estimated revenues of \$1.06 billion and expenditures of \$1.08 billion. Estimated revenues included \$449.2 million from property taxes and other local revenues, an increase of 2.3% from the original 2023-2024 budget and \$594.6 million in state funding, an increase of 5.2%. Appropriated expenditures for the 2024-2025 fiscal year increased by \$51.7 million compared to 2023-24. Appropriated expenditures included an increase of \$56.5 million related to payroll expenses for new positions at the newly opened Nelson Junior High and Freeman High School as well as the associated benefits and TRS On-Behalf related to these positions. This is offset by a \$5.3 million reduction in TIRZ payment expense as the last payment to the Katy Development Authority is accrued in fiscal year 2024 related to taxes levied in tax year 2023.

Katy ISD continues to be one of the fastest growing school districts in the Houston metropolitan area, growing at an average of 3.4% from 2015 to 2024 with the 2024-25 budget built on projected enrollment of 96,637 students. The District has also experienced significant growth in property values over that same period with assessed values increasing at an average of 9.8% annually.

All of these factors were considered when adopting the 2024-2025 budgets. The District will continue to monitor economic data, refine budget estimates, and provide effective and efficient fiscal management to maximize the educational opportunities for students.

**CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Chief Financial Officer, Katy I.S.D., 6301 South Stadium Lane, P.O. Box 159, Katy, Texas 77492.

Exhibit C-2

<b>Total Fund Balances - Governmental Funds (from Exhibit C-1)</b>	<b>\$ 766,773,043</b>
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.	2,646,543,808
Unavailable revenue on property taxes receivable and penalty and interest on delinquent taxes have been levied or assessed and are due this year but are not available soon enough to pay for current period's expenditures and are added back to Fund Balances for Statement of Net Position.	16,892,523
Deferred loss on refundings are not reported in the fund financial statements.	37,289,009
Deferred gain on refundings are not reported in the fund financial statements.	(2,618,540)
Addition of Internal Service fund net position	7,888,313
Differences between expected and actual experiences, assumption changes and net differences between projected and actual earnings and contributions subsequent to the measurement date for the post-retirement benefits (pension and OPEB) are recognized as deferred outflows of resources and deferred inflows of resources on the statement of net position.	
Deferred outflows relating to TRS Pension	167,676,304
Deferred inflows relating to TRS Pension	(13,173,529)
Deferred outflows relating to TRS Care	85,911,461
Deferred inflows relating to TRS Care	(220,764,467)
Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore are not reported as liabilities in the funds. Long-term liabilities at year end consist of:	
Bonds Payable and Premiums	(2,597,905,417)
Note Payable	(1,565,000)
Compensated Absences - Long-term Portion	(38,067,946)
Accreted Interest on Capital Appreciation Bonds	
Interest Payable	(4,785,131)
SBITA Payable	(3,402,482)
Net Pension Liability	(373,665,294)
Net OPEB Liability	(151,870,412)

**KATY INDEPENDENT SCHOOL DISTRICT****RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF  
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE TO  
THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED AUGUST 31, 2024**

Exhibit C-4

<b>Net Change in Fund Balances - Total Governmental Funds (from Exhibit C-3)</b>	<b>\$ 79,412,171</b>
Amounts reported for governmental activities in the Statement of Activities (Exhibit B-1) are different because:	
Internal Service Funds are used by management to charge the cost of various insurance programs and printing operations to individual funds. The net activity of the Internal Service Funds is included in the Statement of Activities.	6,317,806
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives as depreciation and amortization expense.	217,882,145
Depreciation and amortization is not recognized as an expense in governmental funds, since it does not require the use of current financial resources. The net effect of the current year's depreciation and amortization is to decrease net position.	(113,571,275)
Repayment of bond and note payable principal is an expenditure in the governmental funds and payment to the escrow agent to refund bonds is an other financing use in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net	167,206,460
Payment of SBITA payable is an expenditure in the governmental funds, but the payment reduces long-term liabilities in the Statement of Net Position.	3,195,453
Proceeds from issuance of long-term debt is reported as an other financing source in the governmental funds. In the government-wide financial statements, proceeds are treated as an increase in long-term liabilities.	(277,410,000)
Proceeds from subscription based information technology arrangements are reported as an other financing source in the governmental funds. In the government-wide financial statements, proceeds are treated as an increase in liabilities.	(2,589,034)
Premium received from issuance of long-term debt.	(6,404,886)
Interest accrual on capital appreciation bonds and interest accruals through year end on bonds are not recorded in the fund financial statements but are accrued in the government-wide statements.	5,053,818
Net loss on disposal of assets is not recorded in the fund financial statements but is included in the government-wide statements.	2,957
Property tax revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the fund financial statements.	1,342,574

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Katy Independent School District (the District) was formed in February 1919 by a special act of the Texas State Legislature. The District is an independent public educational agency operating under applicable laws and regulations of the State of Texas. A seven-member Board of Trustees elected to staggered three-year terms by the District’s residents autonomously governs the District. The District prepares its Basic Financial Statements in conformity with Generally Accepted Accounting Principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources identified in *Statement on Auditing Standards No. 69* of the American Institute of Certified Public Accountants; and it complies with the requirements of the appropriate version of the Texas Education Agency’s *Financial Accountability System Resource Guide* (the “Resource Guide” or “FASRG”) and the requirements of contracts and grants of agencies from which it received funds.

The following is a summary of the most significant accounting policies:

**A. Reporting Entity**

The District is considered an independent entity for financial reporting purposes and is considered a primary government. As required by Generally Accepted Accounting Principles, these basic financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the District’s financial reporting entity. Based on these considerations, the District’s Basic Financial Statements do not include any other entities. Additionally, as the District is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations, or functions in the District’s financial reporting entity are based on criteria prescribed by Generally Accepted Accounting Principles. These same criteria are evaluated in considering whether the District is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the District’s financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and it is fiscally independent of other state and local governments.

Additionally, prescribed criteria under Generally Accepted Accounting Principles include considerations pertaining to organizations for which the primary government is financially accountable; and considerations pertaining to other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The Board of Trustees (the Board) is elected by the public and has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) in its Statement No. 61, “The Financial Reporting Entity.” There are no component units included with the reporting entity.

**B. Government-wide and Fund Financial Statements**

The Statement of Net Position and the Statement of Activities are Government-wide Financial Statements. They report information on all of the Katy Independent School District operating activities and activities other than the District’s fiduciary (custodial type) activities. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities include programs supported primarily by taxes, state foundation funds, grants and other intergovernmental revenues. Business-type activities include operations that rely to a significant extent on fees and charges for support.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**B. Government-wide and Fund Financial Statements (continued)**

The Statement of Activities demonstrates how other people or entities that participate in programs the District operates have shared in the payment of the direct costs. The “charges for services” column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the District. Examples include school lunch charges, community education tuition, summer school tuition, etc. The “grants and contributions” column includes amounts paid by organizations outside the District to help meet the operational or capital requirements of a given function. Examples include grants under the Elementary and Secondary Education Act. If a revenue is not a program revenue, it is a general revenue used to support all of the District’s functions. Property taxes are always general revenues.

Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position. In the Government-wide statements, eliminations have been made to minimize double-counting of internal activities. Interfund balances between governmental funds and also between governmental funds and internal service funds are eliminated on the Government-wide Statement of Net Position. Since the internal service funds support the District’s activities, the financial activities of these funds are presented in the governmental activities column in the Government-wide Statement of Activities as a direct expense in the proper functional category. In the Government-wide Statement of Activities, the net activities of the Internal Service such as Health Insurance, Workers’ Compensation, and Print Shop have been allocated to the appropriate functional expense in order to present a more accurate and complete picture of the direct expenses of the functions. The District has no interfund services provided and used between functions that would qualify as program revenue; therefore, there is no need for eliminating entries in the consolidation process.

The Fund Financial Statements provide reports on the financial condition and results of operations for three fund categories – governmental, proprietary, and fiduciary. Since the resources in the fiduciary fund cannot be used for district operations, they are not included in the Government-wide Statements. The District considers some governmental funds as major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. All other revenues and expenses are non-operating.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The Government-wide Financial Statements use the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities, deferred inflows of resources and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)**

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available and recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable, available financial resources. Compensated absences are reported in governmental funds only to the extent unused reimbursable leave is outstanding following an employee's resignation or retirement.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors may require the District to refund all or part of the unused amount.

The Proprietary and Fiduciary Fund Types are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable.

**D. Fund Accounting**

The accounts of the District are organized on the basis of funds in accordance with the provisions of the Resource Guide. Each fund is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures or expenses. For financial statement presentation, the District's Fund Financial Statements provide more detailed information about the District's most significant funds, not the District as a whole. The funds shown on the Fund Financial Statements are considered significant funds because of the size and activity of the funds in relation to all of the funds.

The District reports the following Governmental Funds:

**1. General Fund**

The General Fund is the government's primary operating fund. It is used to account for all financial transactions not properly included in other funds. The principal sources of revenues include local property taxes, state funding under the Foundation School Program, interest earnings on fund investments, federal source revenues for indirect costs reimbursed by the programs accounted for in the Special Revenue Fund, and revenues received for School Health and Related Services. Expenditures include all costs associated with the daily operations of the District except for food service, debt service, capital projects, and specific programs funded by the federal or state government.

**2. Debt Service Fund**

The Debt Service Fund is used to account for the payment of interest and principal on all bonds of the District. The primary sources of revenue for debt service are local property taxes and hold harmless funds.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. Fund Accounting (continued)**

**3. Capital Projects Fund**

The Capital Projects Fund is used to account for the proceeds of the District's bond sales and related interest earnings, and expenditures are restricted to the construction and acquisition of major capital facilities.

**4. Special Revenue Fund**

The Special Revenue Fund is used to account for all financial resources restricted to, or designated for, specific purposes by a grantor. Specifically, this type of fund is used to account for funds that are used for the District's food service program, including local and federal revenue sources, for federally financed programs (grants) where unused balances are returned to the grantor at the close of specified project periods and other revenue specific programs. Project accounting is employed to maintain integrity for the various sources of funds. Resources accounted for in these programs are awarded to the District for the purpose of accomplishing specific educational tasks as defined by grantors in contracts or other agreements.

Additionally, the District reports the following Proprietary Funds:

**5. Enterprise Fund**

The Enterprise Fund is used to account for revenues and expenses associated with the District's Class 1:1 Initiative in which each third through twelfth grade student is issued a District owned device. Revenues are generated from optional device insurance payments and charges for parts Expenses consist of device parts.

**6. Internal Service Fund**

The Internal Service Fund is used to account for revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis. The following Internal Service Funds are used by the District:

The Workers' Compensation Fund is used to account for the operations of the District's workers' compensation insurance plan, which is supported principally by employer contributions. Expenses include plan benefit payments to insured employees for claims and premium charges. Estimated amounts due for claims incurred but not reported at year-end are included as fund liabilities.

Similar to the Workers' Compensation Fund, the Health Insurance Fund is used to account for the District's health insurance plan, which is supported by both district and employee contributions. Expenses include plan benefit payments to health care providers for claims incurred. Estimated amounts due for claims incurred but not reported at year-end are included as fund liabilities.

The Print Shop Fund is used to account for the District's internal printing operations. All costs and expenses of operating the print shop are accounted for in the fund. Users of the printing services are charged fees based on amounts estimated to cover the cost of operations.

Finally, the District reports the following Fiduciary Fund:

**7. Custodial Fund**

The Custodial Fund is used to account for activities of student groups. The Custodial Fund accounts for resources held in a custodial capacity by the District and consist of funds that are the property of students and others and cannot be used by the District in operations.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity**

**1. Cash and Cash Equivalents**

The District's cash and cash equivalents are cash on hand, demand deposits, certificates of deposit, balances in privately managed public funds investment pools (TexPool, Texas CLASS and Lone Star), and short-term investments with original maturities of three months or less from the date of acquisition. For the purpose of the statement of cash flows, the Proprietary Fund Types consider temporary investments, with maturity of three months or less when purchased, to be cash equivalents.

The District's investment pools are valued and reported at amortized cost as permitted by GASB Statement No. 79, *Certain Investment Pools and Pool Participants*.

**2. Investments**

Investments consist of treasury coupon securities and federal agency coupon securities. The District's investments are carried at fair value based on quoted market prices at year-end, in accordance with U.S. generally accepted accounting principles. Investments having a maturity of three months or less when purchased are reported as cash and cash equivalents.

The District categorizes fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

**3. Short-Term Interfund Receivables/Payables**

During the course of operations, transactions occur between individual funds for specified purposes. These receivables and payables are classified as due from other funds or due to other funds on the combined balance sheet.

**4. Inventories and Prepaid Items**

Inventories consisting of supplies and materials are stated at cost (average cost method) and include consumable custodial, maintenance, transportation, instructional, food consumables, and office supplies. Inventories of governmental funds are recorded as expenditures when the supplies and materials are used or consumed (consumption method) rather than when purchased. Inventories of food commodities are recorded as revenues at fair market value supplied by the Texas Department of Agriculture on the date received and are recorded as expenditures when the commodities are consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recorded as expenditures when the supplies or materials are used and consumed (consumption method) rather than when purchased.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (continued)**

**5. Capital Assets**

Capital assets, which include land, construction in progress, buildings and improvements, furniture and equipment, vehicles, subscription assets, and right to use assets, are reported in the applicable governmental column in the Government-wide Financial Statements. Primarily, capital assets are defined by the District as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Costs of the Facilities Acquisition and Construction Function that relate to overall planning of District facilities, managing overall District assets and overall construction projects are treated as period costs and are not capitalized unless related to specific assets. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

When assets are retired or otherwise disposed of, the related costs or other recorded amounts are removed.

Buildings and improvements, furniture, equipment, subscription assets, and right to use assets of the District are depreciated and amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Building & Improvements	10-50
Furniture & Equipment	1-25
Vehicles	15
Library Books & Media	7

Land and construction in progress are not depreciated.

**6. Leases**

*Lessor:* The District is a lessor for a noncancellable lease agreement. The District recognizes a lease receivable and a deferred inflow of resources in the government-wide financial statements and in the governmental funds balance sheet.

At the commencement of the lease, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (continued)**

**7. Subscription Based Information Technology Arrangements (SBITA)**

The District has noncancellable contracts with SBITA vendors for the right to use information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets). The District recognizes a subscription liability, reported with long-term debt, and a right-to-use subscription asset (an intangible asset), reported with capital assets, in the government-wide and proprietary fund financial statements. The District recognizes subscription liabilities with an initial individual value of \$1,000,000 or more.

At the commencement of a SBITA, the District initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of SBITA payments. The subscription asset is initially measured at the initial amount of the subscription liability, adjusted for SBITA payments made at or before the SBITA commencement date, plus certain initial implementation costs. Subsequently, the subscription asset is amortized on a straight-line basis over the shorter of the subscription term or the useful life of the underlying IT assets.

Key estimates and judgements related to subscriptions include how the District determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The District uses its incremental borrowing rate as the discount rate for SBITAs.
- The subscription term includes the noncancellable period of the SBITA. Subscription payments included in the measurement of the subscription liability are composed of fixed payments.

The District monitors changes in circumstances that would require re-measurement of its subscription and will re-measure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription asset and liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with long-term debt on the statement of net position.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (continued)**

**8. Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has three items that qualify for reporting in this category:

- Deferred outflows loss on refunding - The loss on refunding bonds is reported in the Government-wide Statement of Net Position in this category and will be amortized over the shorter of the life of the refunded or refunding debt.
- Deferred outflows related to TRS - Reported in the government-wide financial statement of net position, this deferred outflow results from pension plan contributions made after the measurement date of the net pension liability and the results of 1) differences between expected and actual actuarial experiences; 2) changes in actuarial assumptions; 3) net difference between projected and actual earnings on pension plan investments and 4) changes in the District's proportional share of pension liabilities. The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The deferred outflows resulting from differences between projected and actual earnings on pension plan investments will be amortized over the closed five-year period. The remaining pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.
- Deferred outflows related to TRS Care - Reported in the government-wide financial statement of net position, this deferred outflow results from other post-employment benefit (OPEB) plan contributions made after the measurement date of the net OPEB liability and the results of 1) differences between expected and actual actuarial experiences; 2) changes in actuarial assumptions; 3) net difference between projected and actual earnings on OPEB plan investments; and 4) changes in the District's proportional share of OPEB liabilities. The deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the next fiscal year. The deferred outflows resulting from differences between projected and actual earnings on OPEB plan investments will be amortized over the closed five-year period. The remaining OPEB related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with OPEB through the plan.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (continued)**

**8. Deferred Outflows/Inflows of Resources (continued)**

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow or resource (revenue) until that time. The District has four items that qualify for reporting in this category.

- Deferred inflows gain on refunding - The gain on refunding bonds is reported in the Government-wide Statement of Net Position in this category and will be amortized over the shorter of the life of the refunded or refunding debt.
- Deferred inflows related to leases – Reported in the government-wide financial statement of net position, this deferred inflow results from the lease agreements where the District is the lessor. This deferred inflow of resources is initially measured as the initial amount of the lease receivable. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.
- Deferred inflows related to TRS - Reported in the government-wide financial statement of net position, these deferred inflows result primarily from 1) differences between expected and actual actuarial experiences; and 2) changes in actuarial assumptions. These pension related deferred inflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan.
- Deferred inflows related to TRS Care - Reported in the government-wide financial statement of net position, these deferred inflows result primarily from 1) differences between expected and actual actuarial experiences; and 2) changes in actuarial assumptions. These OPEB related deferred inflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with OPEBs through the OPEB plan.

In addition to liabilities, the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents unavailable revenue that applies to a future period(s) and so will not be recognized as an inflow or resource (revenue) until that time. The District has two items that qualify for reporting in this category. The unavailable revenue - property taxes and deferred inflows - leases are reported as deferred inflows of resources and will be recognized as collected.

**9. Pensions**

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**10. Other Post-Employment Benefits**

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS-Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan and all cash is held in a cash account.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (continued)**

**11. Long-Term Obligations**

In the Government-wide Financial Statements and in the Proprietary Fund types in the Fund Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, or Proprietary Fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the Fund Financial Statements, Governmental Fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**12. Transactions Between Funds**

Transactions between funds that would be treated as revenues, expenditures or expenses if they involved organizations external to the District are accounted for as revenues, expenditures, or expenses in the applicable funds.

Transactions which constitute reimbursements of a fund for expenditures or expenses initially made from that fund, which are properly attributable to another fund, are recorded as expenditures or expenses in the reimbursing fund and as reductions of the expenditures or expenses in the fund that is reimbursed.

Other legally authorized transfers are included in the results of operations of the governmental funds.

**13. Compensated Absences – Accumulated Vacation Pay, Sick Leave, and State Leave**

The District has a vacation pay policy for twelve-month employees whereby eligible employees shall receive vacation of one to fifteen days dependent upon the number of years of service. Employees become eligible for vacation days after six months of employment. All vacation days are forfeited if not taken by June 30 of the following calendar year; therefore, the liability for unused vacation days at August 31, 2024, is not material to the financial statements.

The District pays a portion of accrued sick leave to employees who retire with five or more years of continuous employment in the District and whose retirement can be verified by the Teacher Retirement System. The compensated absences are normally paid through the General Fund when the amounts are due. Payment is limited to the current salary rate for one-half of the locally accumulated sick leave and state leave days up to a maximum of 90 accumulated days.

In the Governmental Funds, compensated absences that are expected to be liquidated with expendable available resources are reported as an expenditure and fund liability in the fund that will pay for them. The remainder of the compensated absences liability is reported in long-term liabilities on the statement of net position.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (continued)**

**14. Fund Balance Classifications**

The fund balance in governmental funds has been classified as follows to describe the relative strength of the spending constraints:

*Non-spendable fund balance* represents amounts that are not in spendable form or are required to be maintained intact. As such, the inventory and prepaid items have been properly classified in the Governmental Funds Balance Sheet (Exhibit C-1).

*Restricted fund balance* consists of amounts that can be spent only for specific purposes because of local, state or federal laws, or externally imposed conditions by grantors or creditors. The fund balance for the Debt Service Fund, Capital Project Fund, and Child Nutrition Program and other grants are classified as restricted.

*Committed fund balances* are amounts constrained to specific purposes by the District itself, using its highest decision-making authority (the Board of Trustees). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level of action to remove or change the constraint. The General Fund has committed \$10,000,000 for unanticipated expenditures and/or revenue loss and \$5,500,000 for self-insurance purposes. The District has committed the fund balance in the Campus Activity Fund for uses benefitting the respective campuses where the funds were raised.

*Assigned fund balances* are the amount the District intends to use for a specific purpose. The Board of Trustees delegates the responsibility to assign fund balances to the Superintendent or his designees. The District has assigned fund balances in the General Fund in the amount of \$71,692,397 which is detailed in Note 14.

*Unassigned fund balances* are the amounts that are available for any purpose. Positive numbers can only be reported in the general fund.

The District establishes (and modifies or rescinds) fund balance commitments and assignments by passage of resolution. Per the local policy, assigned fund balance amounts are established by the Superintendent or his designee.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted as they are needed. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made. The District does not have a formal minimum fund balance policy; however, minimum fund balances and targeted percentages are addressed in Administrative Regulations.

**15. Use of Estimates**

The presentation of financial statements, in conformity with Generally Accepted Accounting Principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**16. Data Control Codes**

The Data Control Codes refer to the account code structure prescribed by TEA in the Financial Accountability System Resource Guide. The Texas Education Agency requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide database for policy development and funding plans.

NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Other Accounting Policies – Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (continued)**

**17. Implementation of New Accounting Standards**

GASB issued Statement No. 99, *Omnibus 2022*, in April 2022. This Statement was issued to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements and accounting and financial reporting for financial guarantees. The requirements of this statement had various effective dates and specific provisions were implemented prior to fiscal year 2024. The remaining requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The remaining requirements of this statement were implemented in fiscal year 2024 and did not have a material impact on the financial statements.

GASB issued Statement No. 100, *Accounting Changes and Error Corrections – an Amendment of GASB Statement No. 62*, in June 2022. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The requirements of this statement were implemented in fiscal year 2024 and did not have a material impact on the financial statements.

GASB issued Implementation Guide 2021-1, *Implementation Guidance Update – 2021*, in May 2021. The primary objective of this Implementation Guide is to provide guidance that clarifies, explains, or elaborates on GASB Statements. The requirements of this Implementation Guide had various effective dates and specific provisions were implemented prior to fiscal year 2024. The remaining requirement, an amendment to Question 7.9.8 in Implementation Guide 2015-1 effective for reporting periods beginning after June 15, 2023, requires governments to capitalize assets whose individual acquisition costs are less than the threshold for an individual asset if those assets in the aggregate are significant. The requirements of this statement were implemented in fiscal year 2024 and did not have a material impact on the financial statements.

GASB issued Implementation Guide 2023-1, *Implementation Guide Update – 2023*, in June 2023. The primary objective of this Implementation Guide is to provide guidance that clarifies, explains, or elaborates on GASB Statements. This Implementation Guide amends Implementation Guide No. 2019-3, *Leases*, Question 4.16, and Implementation Guide No. 2021-1, *Implementation Guidance Update – 2021*, Question 4.13. The requirements of this Implementation Guide are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The requirements of this Implementation Guide were implemented in fiscal year 2024 and did not have a material impact on the financial statements.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**A. Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position**

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the net position for governmental activities as reported in the Government-wide Statement of Net Position. Major elements of that reconciliation include capital assets which are not financial resources and are therefore not reported in governmental funds, long-term liabilities, including bonds payable, which are not due and payable in the current period and are not reported as liabilities in the Fund Financial Statements, and property taxes receivable which are included as unavailable in the Fund Financial Statements are adjusted based on when the tax levy was made and for uncollectible amounts.

**B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities**

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the changes in net position of governmental activities as reported on the Government-wide Statement of Activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the Fund Financial Statements but should be shown as increases in capital assets and decreases in long-term debt in the Government-wide Statements. This adjustment affects both the net position balance and the change in net position. The debt payments on retirement of debt are recorded as expenditures for Fund Basis Financial Statements but are recorded as a reduction of debt in the Government-wide Financial Statements. The capital asset additions are expenditures in the Fund Basis Financial Statements but are capitalized in the Government-wide Financial Statements. The Fund Basis Financial Statements do not include the current amortization and depreciation expense.

Another element of the reconciliation on Exhibit C-4 is described as various other reclassifications and eliminations necessary to convert from the modified accrual basis of accounting to the accrual basis of accounting. As indicated above, if new debt is issued, it is treated as a source of revenue on the Fund Basis Financial Statements, while in the Government-wide Financial Statements the amount is recorded as a liability. Property taxes are adjusted for the accrual basis and the unavailable revenues are adjusted based on prior year levies and current year uncollectible amounts.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**A. Budgetary Data**

The Board of Trustees adopts an appropriated budget for the General Fund, Debt Service Fund, and the Nutrition and Food Service Program included in the Special Revenue Fund. Budgets are prepared using the same method of accounting as for financial reporting. The District is required to present the adopted and final amended budgeted revenues and expenditures for the General Fund and each major special revenue program. The General Fund budget report appears in the required supplementary information section where the District compares the final amended budget to actual revenues and expenditures. Per regulatory requirements, the Debt Service Fund and Nutrition and Food Services Fund are required to be reported with the original budget, amended budget and actual expenditures. These schedules are included in the Other Supplementary Information section of this report.

The Capital Projects Fund budget is prepared on a project basis based on the proceeds available from bond issues and planned expenditures outlined in applicable bond ordinances. Capital Projects Fund equity, which represents unexpended appropriations, is re-appropriated in the subsequent fiscal year's budget until available funds for acquisition and construction of facilities have been utilized. Each major construction contract is approved based on the existing availability of bond proceeds and/or approved but unissued bonds. The non-budgeted Special Revenue programs (primarily federal, state, and local grant programs) utilize a managerial type of financial plan reviewed at the fund level by the Board of Trustees upon acceptance of the grants. These grants are subject to state-imposed project length budgets and monitored through submission of reimbursement reports to the state.

The following procedures are followed in establishing the budgetary data reflected in the Fund Financial Statements:

1. Prior to August 20, the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days public notice of the meeting must be given.
3. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Because the District has a policy of careful budgetary control, several amendments were necessary during the year.
4. Each budget is controlled by the Director of Budget and Treasury at the revenue and expenditure function/object level. Budgeted amounts are amended by the Board. All budget appropriations lapse at year end.
5. During the fiscal year ended August 31, 2024, the District did not have any expenditures over appropriations in major funds.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 3 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)**

**A. Budgetary Data (continued)**

6. A reconciliation of fund balances for both appropriated budget and non-appropriated budget Special Revenue Programs is as follows:

	<b>Special Revenue Fund</b>	<b>Unbudgeted Programs</b>	<b>Budgeted Programs</b>
Revenues	\$ 140,475,677	\$ 89,793,007	\$ 50,682,670
Expenditures	140,263,143	85,446,576	54,816,567
Net Change in Fund Balances	212,534	4,346,431	(4,133,897)
Fund Balance Beginning	46,409,452	16,103,224	30,306,228
Fund Balance Ending	<u>\$ 46,621,986</u>	<u>\$ 20,449,655</u>	<u>\$ 26,172,331</u>

Budgeted programs include fund 240 Nutrition and Food Services and fund 242 Summer Food Service Program as shown in exhibit J-1.

7. During the fiscal year the operating budget must be amended by the Board for changes to function appropriation amounts. All supplemental appropriations must be within limits of available revenues and fund equity.

The following table summarizes changes to the originally adopted budgets for all budgeted funds:

<b>Fund</b>	<b>Appropriations as of September 1, 2023 (Original Budget)</b>	<b>Supplemental Appropriations and Revisions</b>	<b>Appropriations as of August 31, 2024 (Amended Budget)</b>
General Fund	\$ 1,030,067,442	\$ 12,188,863	\$ 1,042,256,305
Special Revenue Fund	61,125,203	(2,948,187)	58,177,016
Debt Service Fund	240,670,000	(2,050,813)	238,619,187
Total all Budgeted Funds	<u>\$ 1,331,862,645</u>	<u>\$ 7,189,863</u>	<u>\$ 1,339,052,508</u>

**B. Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded in order to reserve that portion of the applicable appropriation, is used in all governmental funds. Encumbrances outstanding at year-end are commitments that do not constitute expenditures or liabilities but are reported as assignments of fund balances. Since appropriations lapse at the end of each fiscal year, outstanding encumbrances are appropriately provided for in the subsequent fiscal year's budget to provide for the liquidation of the prior commitments. As shown in Note 14, the general fund has assigned a portion of fund balance for these outstanding encumbrances.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 4 – DEPOSITS (CASH) AND INVESTMENTS**

**A. Deposits (Cash)**

Deposits and investment transactions of the District are regulated by State statutes of the Texas Education Code and other regulations regarding security for District funds in depository institutions.

In accordance with applicable statutes, the District has a depository contract with an area bank (depository) providing for interest rates to be earned on deposited funds and for banking charges the District incurs as a result of banking services received. All depository contracts have a term of two years, commencing with the start of every odd-numbered fiscal year. However, the contract can be extended for three additional two-year periods should the depository and the District agree to the extension. Depository contracts are awarded on the basis of competitive proposals received from area banks and can be awarded to more than one bank.

The District may place funds with the depository in interest and non-interest-bearing accounts. Statutes and the depository contract require that all funds in the depository institution be fully secured by federal depository insurance or a combination of federal depository insurance and acceptable collateral securities and/or an acceptable surety bond. The collateral securities are placed with an independent third-party custodian or trustee institution. In accordance with State statutes pertaining to lawful collateralization of District deposits, safekeeping reports are issued in the name of the depository with proper identification that the collateral securities are pledged by the depository to secure funds of the District.

Acceptable collateral securities include direct obligations of the United States of America (U.S.), bonds of any agency of the U.S., bonds of the State of Texas or of any county, school district, city, or town of the State of Texas that have been rated A or better and other securities as authorized by Chapter 2257 Collateral for Public Funds of the Government Code and Chapter 2256 Public Fund Investment Act.

The District may approve all collateral securities prior to their being pledged. The depository can release or replace collateral securities pledged to secure District funds only upon obtaining the written approval of the District.

All demand and time deposits in the depository bank were entirely covered by federal depository insurance and by acceptable collateral securities pledged in the District’s name by Prosperity Bank and held in safekeeping by Federal Home Loan Bank of Dallas at year-end in accordance with provisions of the depository contract.

At August 31, 2024, the carrying amount on the District’s books of combined deposits was \$269,003,133. The difference between the District’s carrying amount and the cash in bank is a result of normal operating timing differences. As of August 31, 2024, the deposits and amount of pledged collateral and FDIC coverage was as follows:

<b>Financial Institution</b>	<b>Cash in the Bank</b>	<b>Pledged Collateral and Surety Bond</b>	<b>Available FDIC Coverage</b>	<b>Month</b>
Prosperity Bank	\$ 282,296,587	\$ 330,248,804	\$ 500,000	August 31, 2024

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 4 – DEPOSITS (CASH) AND INVESTMENTS (Continued)**

**B. Investments**

The Board of Trustees of the District has adopted a written investment policy (the “Investment Policy”) regarding the investment of the funds as defined in the Public Funds Investment Act of 1995 (Chapter 2256, Texas Government Code). The Public Funds Investment Act requires an annual audit of investment practices. The results of the audit disclosed that in the area of investment practices, management reports, and establishment of appropriate policies, the District was in substantial compliance with the requirements of the Act. Additionally, the investments and investment practices of the District are in compliance with the Trustees’ Investment Policy.

The District’s Investment Policy emphasizes safety of principal and liquidity, addresses investment diversification, yield, and maturity and addresses the quality and capability of investment personnel. The Investment Policy includes a list of authorized investment instruments, a maximum allowable stated maturity of any individual investment and the maximum average dollar weighted maturity allowed for fund groups.

The District is authorized to invest in the following investment instruments:

1. Obligations of, or guaranteed by, the U.S. Government and its agencies and instrumentalities as permitted by Government Code 2256.009. This excludes collateralized mortgage obligations. Maximum maturity shall be three years.
2. Certificates of deposit and share certificates as permitted by Government Code 2256.010.
3. Fully Collateralized repurchase agreements as permitted by Government Code 2256.011.
4. A1/P1 Commercial paper as defined by Government Code 2256.013 and not to exceed 270 days to maturity.
5. No-load money market mutual funds as permitted by Government Code 2256.014.
6. Constant dollar public funds investment pools as permitted by Government Codes 2256.016 – 2256.019.

A summary of the District’s cash and investments at August 31, 2024 is shown below.

	<b>Cash on Hand</b>	<b>Bank Deposits</b>	<b>Money Market</b>	<b>Investment Pools</b>	<b>Securities</b>	<b>Total</b>
General	\$ 16,957	\$ 213,246,317	\$ 78,209	\$ 142,220,139	\$ 33,380,326	\$ 388,941,948
Debt Service		682,767		58,514,584		59,197,351
Capital Projects		42,040,848	70,906	277,506,529	57,304,466	376,922,749
Special Revenue Fund	15,692	11,872,501		38,297,986		50,186,179
<b>Total Governmental Funds</b>	<u>32,649</u>	<u>267,842,433</u>	<u>149,115</u>	<u>516,539,238</u>	<u>90,684,792</u>	<u>875,248,227</u>
Internal Service Funds		1,160,700		4,539,952		5,700,652
<b>Total Governmental Activities</b>	<u>32,649</u>	<u>269,003,133</u>	<u>149,115</u>	<u>521,079,190</u>	<u>90,684,792</u>	<u>880,948,879</u>
Enterprise Funds				815,780		815,780
<b>Total Government Wide Statements</b>	<u>32,649</u>	<u>269,003,133</u>	<u>149,115</u>	<u>521,894,970</u>	<u>90,684,792</u>	<u>881,764,659</u>
Fiduciary Fund				1,380,769		1,380,769
<b>Total Cash and Investments</b>	<u>\$ 32,649</u>	<u>\$ 269,003,133</u>	<u>\$ 149,115</u>	<u>\$ 523,275,739</u>	<u>\$ 90,684,792</u>	<u>\$ 883,145,428</u>

For reporting purposes, cash and deposits, along with money market and investment pools, are all considered by the District as cash equivalents.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 4 – DEPOSITS (CASH) AND INVESTMENTS (continued)**

**B. Investments (continued)**

The District generally holds all securities to maturity. The District did not purchase any derivative instrument investment products during the current year nor participate in any reverse repurchase agreements or security lending agreements during the fiscal year 2024.

The following table includes the portfolio balances, credit rating, and weighted average maturity of the portfolio balance by investment type of the District as of August 31, 2024:

<b>Investment Type</b>	<b>Fair Value</b>	<b>Percent of Investments</b>	<b>Weighted Avg. Maturity</b>
Money Market	\$ 149,115	0.0%	1 day
Local Government Investment Pools: *			
Lone Star - Public Funds Investment Pool	7,103,129	1.2%	23 days
TexPool - Public Funds Investment Pool	471,862,051	76.8%	36 days
Texas CLASS - Public Funds Investment Pool	44,310,559	7.2%	35 days
Total Local Government Investment Pools	<u>523,275,739</u>		
Federal Agency Coupon Securities	17,909,890	2.9%	463 days
Treasury Coupon Securities	72,774,902	11.9%	211 days
<b>Total Investments</b>	<b><u>\$ 614,109,646</u></b>	<b><u>100.0%</u></b>	

\* Per GASB 79, valued at amortized cost.

The value of District portions in TexPool, Texas CLASS, and Lone Star are the same as the value of the Shares. The external pooled funds use amortized cost rather than fair value in their computation of share price; such funds have daily liquidity.

**Credit Risk Related to Investments**

Credit risk is the risk that another party to a deposit or investment transaction will not fulfill its obligations. This is not to be confused with market risk, which is the risk that the fair value of an investment, collateral protecting a deposit, or securities underlying a repurchase agreement, will decline. Market risk is not depicted in this note.

In compliance with GASB 40, local policy also addresses credit risk by monitoring investment diversification through specific identification disclosure and weighted average maturity disclosure.

The District’s investment policy permits investment pools authorized by government codes 2256.016 – 2256.019 which requires investment pools to be continuously rated no lower than AAA or AAAM or at an equivalent rating by at least one nationally recognized rating service. As of August 31, 2024, the District’s TexPool, Texas CLASS, and Lone Star Public Funds Investment Pools were all rated AAAM.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 4 – DEPOSITS (CASH) AND INVESTMENTS (continued)**

**B. Investments (continued)**

**Credit Risk Related to Investments (continued)**

The District's investment in federal agency coupon securities and treasury coupon securities that conform as follows: obligations of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks.

In accordance with GASB Statement No. 79, Certain External Investment Pools and Pool Participants, the Local Government Investment Pools do not have any limitations and restrictions on withdrawals such as notice periods or maximum transaction amount. These pools do not impose any liquidity fees or redemption gates. The District's municipal bonds are reported at fair value using Level 2 inputs, which are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices, e.g. interest rates and yield curves. The District's money market, federal agency coupon securities, and treasury coupon securities are reported at fair value using Level 1 inputs, which are based on observable, quoted prices for identical assets or liabilities in active markets. There has been no change in valuation technique for the current year.

**Interest Rate Risk**

As a means of minimizing risk of loss due to interest rate fluctuations, the District's Investment Policy requires that investment maturities in the pooled fund groups for General Fund, Debt Service Fund, Capital Projects Fund, and Special Revenue Fund will not exceed the lesser of a pooled fund group's dollar weighted average maturity of 365 days or the anticipated cash flow requirements of that fund. The District's Investment Policy also limits that no individual investment security shall have a maturity greater than three years from the date of purchase.

As of August 31, 2024, the District's investments included TexPool, Texas CLASS, and Lone Star Public Funds Investment Pools. Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the District manages its exposure to declines in fair values by limiting the maximum maturity length of investments to three years. Investment pool investments can be withdrawn at any time without restriction.

Investment Pool policies require that local government deposits be used to purchase investments authorized by the Public Funds Investment Act of 1987, as amended. Oversight responsibility for TexPool is provided by The Texas State Comptroller of Public Accounts, for Texas CLASS by an advisory board and member elected Board of Trustees, and for Lone Star by The Texas Association of School Boards.

**Custodial Credit Risk**

The District's agent holds the securities in the General Fund, Debt Service Fund, Capital Projects Fund, and Special Revenue Fund in the District's name; therefore, the District is not exposed to custodial credit risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker dealer) to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in the possession of another party. The District's policy requires that a third-party custodian or a bank trust department hold all securities owned by, or pledged as collateral to the District.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 5 – PROPERTY TAXES**

The current assessment ratio of the District is 100% of market valuation of all property within the District’s boundaries. The local maintenance and debt service tax rates for the 2023-24 school year were \$0.7294 and \$0.3900 respectively per \$100 of assessed valuation. The 2023-24 assessed valuation was \$56,623,488,063 and resulted in a final adjusted tax levy of \$608,934,640.

Property taxes are levied by October 1 on the assessed value listed the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a lien attaches to the property to secure the payment of all taxes, penalties, and interest ultimately imposed. Local taxes assessed on valuations made as of January 1 each year are recorded in the District’s Financial Statements net of the related allowance for uncollectible taxes. The resulting net taxes receivable is stated at the amount estimated to be collectible based upon the District’s collection experience. Uncollectible taxes are periodically reviewed and written off by the District, as provided by specific statutory authority from the State Legislature. Net property taxes receivable at August 31, 2024 consisted of the following:

	<b>General Fund</b>	<b>Debt Service Fund</b>	<b>Total</b>
Property Taxes Receivable-Current Year Levy	\$ 4,411,608	\$ 2,358,825	\$ 6,770,433
Property Taxes Receivable-Prior Years' Levies	6,793,272	2,595,305	9,388,577
Total Property Taxes Receivable	<u>11,204,880</u>	<u>4,954,130</u>	<u>16,159,010</u>
Penalty and Interest on Delinquent Property Taxes	5,418,461	2,108,037	7,526,498
Total Property Taxes and Penalty and Interest	<u>16,623,341</u>	<u>7,062,167</u>	<u>23,685,508</u>
Less Allowance for Uncollectible Taxes	4,780,087	2,012,898	6,792,985
Net Property Taxes Receivable	<u>\$ 11,843,254</u>	<u>\$ 5,049,269</u>	<u>\$ 16,892,523</u>

**Appraisal District**

The Texas Legislature in 1979 adopted a comprehensive Property Tax Code which established an appraisal district and an appraisal review board in each county in the State of Texas. The District has property in Harris, Fort Bend, and Waller Counties. Beginning January 1, 2008, the District contracted with each county for the appraisal of property for all taxing units in the county’s boundaries, including the District. The District paid Harris Central Appraisal District, Fort Bend Central Appraisal District, and Waller County Appraisal District \$3,047,375, \$2,477,605 and \$495,370 respectively in fiscal year 2024 for appraising property.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 6 – AMOUNTS DUE TO/FROM OTHER FUNDS AND INTERFUND TRANSFERS**

Amounts Due To/From Other Funds at August 31, 2024 include the following:

	<u><b>Interfund Receivables</b></u>	<u><b>Interfund Payables</b></u>
General Fund	\$ 64,856,388	\$ 22,445,636
Debt Service Fund	8,338,688	
Capital Projects Fund	8,704,095	42,321,405
Special Revenue Fund		22,065,023
Total - Governmental Funds	<u>81,899,171</u>	<u>86,832,064</u>
Internal Service Funds	<u>5,402,853</u>	<u>469,960</u>
Total - All Funds	<u><u>\$ 87,302,024</u></u>	<u><u>\$ 87,302,024</u></u>

The District uses the General Fund cash account for accounts payable and payroll, creating interfund balances. The interfund balances are cleared monthly. Most of the amounts represent short-term borrowings between funds for payroll and operating expense payments made from the General Fund cash accounts.

The District had no transfers between funds in fiscal year ending August 31, 2024.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

Lease Payable	84,389		84,389		
<b>Total</b>	<b>\$ 3,001,746,284</b>	<b>\$ 406,037,104</b>	<b>\$ 240,602,798</b>	<b>\$ 3,167,180,590</b>	<b>\$ 146,416,498</b>

The District is in compliance with all significant bond and note limitations and restrictions.

**General Obligation Bonds**

General long-term debt of the District consists of General Obligation Bonds which provide funds to construct, acquire, and equip school buildings, to purchase necessary sites for school buildings, and to purchase school buses. Certain outstanding bonds may be redeemed at their par value prior to their normal maturity dates in accordance with the terms of the related bond orders. The District has never defaulted on any principal or interest payment.

In November 2023, voters authorized \$806,559,414 of General Obligation Bonds, and in July 2024, the District issued \$245,915,000 in Unlimited Tax School Building Bonds, Series 2024 with a related premium of \$5,785,694. The bonds have an average coupon interest rate of 4.5% and were issued as the first sale of the \$806,559,414 authorization. The proceeds of the tax school building bonds are to be used for the construction, acquisition, and equipment of school buildings, the purchase of necessary sites for school buildings, and the purchase of new school buses.

In August 2024, the District remarketed the Series 2021C Variable Rate Unlimited Tax School Building Bonds from the 2017 Bond Election that was approved by voters in November 2017. The total amount of remarketed bonds was \$31,495,000. The remarketed debt was issued with an initial interest rate of 3.65 percent, and the bonds convert to a stepped-up rate of 7.00 percent after the initial period in the event the bonds are not remarketed. In this remarketing transaction, the District defeased an additional \$7.0 million of the Series 2021C bonds.

General long-term debt consists of voted bonds payable. Bonds are payable solely from revenues of the Debt Service Fund which consists primarily of property taxes collected by the District. The note payable is paid from General Fund property tax revenues generated within the Tax Increment Reinvestment Zone.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 10 – LONG-TERM LIABILITIES (continued)**

**Defeased Debt**

The District defeased certain outstanding School Building and Refunding Bonds in prior years by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. At August 31, 2024, all funds in the irrevocable trust had been applied to debt service payments resulting in no remaining funds in the trust.

**Note Payable Arrangement**

Under a series of agreements, the District agreed to provide funding to finance \$25,590,000 of tax-exempt bonds issued in September 2002 by the Katy Development Authority (KDA). The Bonds are legally described as The Katy Development Authority Tax Increment Contract Revenue Bonds (Katy ISD Contract), Series 2002. The Bonds were issued pursuant to the terms and conditions of a Bond Resolution approved by the KDA Board. The issuance of the bonds was approved by the Zone Board and the City Council of the City of Katy (City). In June 2012 the KDA refunded the \$18,800,000 outstanding Series 2002 Bonds by issuing Series 2012 Refunding Bonds in the amount of \$17,360,000. In October 2020 the KDA refunded the \$6,050,000 outstanding Series 2012 Bonds by issuing Series 2020 Refunding Bonds in the amount of \$6,270,000.

The arrangements under the series of agreements constitute a note payable arrangement for the District in constructing a multi-purpose complex and this arrangement is not altered by the refunding. The District recorded a note payable obligation and a related asset in the approximate amount of the original bonds.

The bond proceeds were used to construct a multi-purpose complex for large District functions. It is also available for rent by outside entities. Although the KDA legally owns the multi-purpose center, the agreements provide that the District lease, construct, and control the use of this facility during the life of the bonds issued to construct it. Ownership of the multi-purpose complex will revert to the District once the bonds are retired. District collected tax increments from the General Fund will be used to pay the debt during this term through a note payable arrangement between the District and the KDA. No rent paid to the District for use of the multi-purpose complex will be pledged as security for the bonds.

Pursuant to an Amended and Restated Interlocal Agreement between the City and the District (the Interlocal Agreement), the District has agreed to pay to the City for deposit to a special account of the Tax Increment Fund established for the Zone (the Tax Increment Fund) certain of its tax collections resulting from its taxation of the increase, if any, in the appraised value of real property located in the Zone since the designated base year of 1997 (the District Tax Increments). The City, the KDA, and the Zone have entered into an agreement (the Tri-Party Agreement) which sets forth, among other things, the agreement of the City on behalf of itself and the Zone, to pay to the KDA the District Tax Increments. Once debt service on the bonds for the current bond year has been deposited and the applicable fees have been paid, the District may use any surplus as specified in the Interlocal Agreement.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 10 – LONG-TERM LIABILITIES (continued)**

**Note Payable Arrangement (continued)**

The KDA has pledged to the payment of the bonds all of its rights to the District Tax Increments and all of its rights in the project and project site.

Significant aspects of the bonds in the note payable obligation of the District as of August 31, 2024 are shown below:

<u>Series</u>	<u>Amount Outstanding</u>	<u>Interest Rates</u>	<u>Maturity Date Serially, Beginning/Ending</u>	<u>Interest Payment Dates</u>	<u>Callable Dates</u>
2020	\$ 1,565,000	0.99%	5/15/24 to 5/15/25	May 15/November 15	2020*

\*Bonds maturing on or after May 15, 2021 are subject to redemption in whole, or from time to time in part, at the option of KDA prior to their maturity dates on May 15, 2020 or on any date thereafter at a price of par value plus unpaid accrued interest from the most recent interest payment date to the date fixed for redemption.

The debt service requirements on the bonds in the note payable obligation of the District are as follows:

<u>Fiscal Year Ending August 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Annual Debt Service</u>
2025	\$ 1,565,000	\$ 15,494	\$ 1,580,494
Total	1,565,000	15,494	1,580,494
Less: Current Portion	1,565,000	15,494	1,580,494
Long Term Payable	\$	\$	\$

The average annual debt service on the bonds is \$1,580,494 through maturity. The maximum annual debt service on the bonds is \$1,580,494 through maturity.

Through the fiscal year ended August 31, 2024, the District has paid \$72,630,125 in collected tax increments and state revenues to the KDA. The District will pay additional tax increments of \$3,075,186 collected in fiscal 2023-24 and state revenues of \$3,796,973 to the KDA in fiscal 2024-25, and these amounts have been included as a liability in these financial statements. This will be the last payment to the KDA under the TIRZ agreement. The District has received \$31,258,701 in tax collections in excess of bond payment requirements and related expenses. These proceeds have been placed in a special revenue fund to be used within the TIRZ at the discretion of the District.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 10 – LONG-TERM LIABILITIES (continued)**

**Note Payable Arrangement (continued)**

**Other Significant Information**

The KDA, a public not-for-profit local government corporation, was authorized to be established by the City of Katy, Texas in 1998, to aid, assist, and act on behalf of the City in the performance of the City’s governmental functions and to provide a means of financing certain project costs in connection with Reinvestment Zone Number One, City of Katy, Texas (the Zone). The KDA is governed by a board of directors (the Board), whose voting members are appointed by the City. KDA is the administrator of the Zone. The KDA is considered a discretely presented component unit of the City in accordance with accounting principles generally accepted in the United States of America applicable to state and local governments.

The Zone was created by the City Council of the City, pursuant to the provisions of the Tax Increment Financing Act, Chapter 311, Texas Tax Code (the TIF Act), to facilitate development of the land within the boundaries of the Zone, consisting of land located entirely within the City and Fort Bend County (the County). The majority of the Zone, consisting of 479 acres, is bounded by Interstate 10 on the north, Pin Oak Village and Falcon Point on the south, Katy Fort Bend Road on the east, and Pin Oak Road on the west. An interchange on Interstate provides direct access to the Zone. The remainder of the property in the Zone is located north of Interstate 10 and is owned by the District.

The ordinance of the City establishing the Zone also established a board of directors of the Zone (the Zone Board). The Board of Directors of the Zone consists of nine persons: five appointed by the City, one appointed by the County, one appointed by the District, one appointed by the state senator in whose district the Zone is located, and one appointed by the state representative in whose district the Zone is located.

As required under the TIF Act, the Zone Board adopted, and the City Council of the City approved, a Project Plan and Reinvestment Zone Financing Plan, which has been amended (as amended, the Plan). The Plan sets out the public improvements needed to develop or induce development within the Zone (the Public Improvements). The cost of the Public Improvements, the cost of creation of the Zone, and related organizational costs (the Project Costs) constitute eligible project costs under the TIF Act, which may be financed with proceeds of the bonds.

**NOTE 11 – SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITA)**

**SBITA Payable**

The District has entered into arrangements for the right to use other party’s information technology software which have been accounted for in accordance with GASB Statement No. 96. The District is required to make annual payments at its incremental borrowing rate or the interest rate stated or implied in the subscription term which ranges from 5.50% to 8.50%. The content matter of these subscriptions includes education, technology, finance, transportation, and athletics and range from 2 to 8 years in length.

The future principal and interest subscription payments as of August 31, 2024 are as follows:

<b>Fiscal Year Ending</b>	<b>Principal</b>	<b>Interest</b>	<b>Payment</b>
<b>August 31,</b>			
2025	\$ 1,744,710	\$ 271,988	\$ 2,016,698
2026	888,526	136,206	1,024,732
2027	367,949	65,386	433,335
2028	401,297	34,110	435,407
Total	<u>\$ 3,402,482</u>	<u>\$ 507,690</u>	<u>\$ 3,910,172</u>

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 12 – LEASES**

**Lease Receivable**

The District is leasing property to third parties for cell towers. The leases are for fifteen years and the District will receive monthly payments. The District recognized \$206,213 in lease revenue and \$5,083 in interest revenue during the current fiscal year related to these leases. As of August 31, 2024, the District’s receivable for lease payments is \$2,579,073. Also, the District has a deferred inflow of resources associated with these leases that will be recognized as revenue over the lease term. As of August 31, 2024, the balance of the deferred inflow of resources is \$2,474,552.

**NOTE 13 – UNEARNED REVENUES AND DEFERRED INFLOWS OF RESOURCES**

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities in the current period. Government funds also record unearned revenue in connection with resources that have been received but not yet earned. At the end of the current fiscal year, the various components of deferred inflows of resources and unearned revenue at August 31, 2024 reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
<b>Deferred Inflows of Resources</b>		
Net Property Taxes Receivable (General Fund)	\$ 11,843,254	\$
Net Property Taxes Receivable (Debt Service Fund)	5,049,269	
Lease Receivable (General Fund)	2,474,552	
<b>Unearned Revenue</b>		
Proceeds-Expenditure Driven State Grants (Special Revenue Fund)		87,355
Revenues and Inventory Received Prior to Meeting all Expenditure Requirements (General Fund)		29,680
<b>Total</b>	<u>\$ 19,367,075</u>	<u>\$ 117,035</u>

<b>Total</b>		<u>\$ 11,462,688</u>

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 18 – DEFINED BENEFIT PENSIONS PLAN**

**A. Plan Description**

The District participates in a multiple-employer, cost-sharing, defined benefit pension that has a special funding situation. The Plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

**B. Pension Plan Fiduciary Net Position**

Detail information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at <https://www.trs.texas.gov/Pages/aboutpublications.aspx>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512)542-6592.

**C. Benefits Provided**

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered under a previous rule. There are no automatic post-employment benefit changes, including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs, can be granted by the Texas Legislature as noted in the Plan Description in (A) above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the Systems actuary.

**D. Contributions**

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86<sup>th</sup> Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for the fiscal years 2019 thru 2025.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 18 – DEFINED BENEFIT PENSIONS PLAN (continued)**

**D. Contributions (continued)**

<u>Contribution Rates</u>	<u>2023</u>	<u>2024</u>
Member (Employee)	8.00%	8.25%
Non-employer contributing entity (State)	8.00%	8.25%
District (Employer)	8.00%	8.25%

<u>TRS Contributions</u>	<u>Fiscal Year 2024</u>
Member (Employee)	\$ 63,442,667
Non-employer contributing agency (State)	43,861,648
District (Employer)	31,054,212

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities, or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there is a surcharge an employer is subject to.

- All public schools, charter schools, and regional educational service centers must contribute 1.8 percent of the member's salary beginning in fiscal year 2023, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 18 – DEFINED BENEFIT PENSIONS PLAN (continued)**

**E. Actuarial Assumptions**

The total pension liability in the August 31, 2022 actuarial valuation was determined using the below actuarial assumptions. The following table discloses the assumptions that were applied to this measurement period.

Valuation Date	August 31, 2022 rolled forward to August 31, 2023
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.00%
Long-term expected Investment Rate of Return	7.00%
Municipal Bond Rate as of August 2023	4.13% *
Last year ending August 31 in Projection	
Period (100 years)	2122
Inflation	2.30%
Salary Increases including inflation	2.95% to 8.95%
Ad hoc post-employment benefit changes	None

\* The source for this rate is the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index"

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2022. For a full description of these assumptions please see the actuarial valuation report dated November 22, 2022.

**Discount Rate**

A single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 9.50% of payroll in fiscal year 2024 increasing to 9.56% in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 18 – DEFINED BENEFIT PENSIONS PLAN (continued)**

**Discount Rate (continued)**

The long-term rate of return on pension plan investments is 7.00%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2023, are summarized below:

Asset Class*	Target Allocation **	Long-Term Expected Geometric Real Rate of Return ***	Expected Contribution to Long-Term Portfolio Returns
<b>Global Equity</b>			
U.S.	18.0 %	4.0 %	1.0 %
Non-U.S. Developed	13.0	4.5	0.9
Emerging Markets	9.0	4.8	0.7
Private Equity	14.0	7.0	1.5
<b>Stable Value</b>			
Government Bonds	16.0 %	2.5 %	0.5 %
Absolute Return*	0.0	3.6	0.0
Stable Value Hedge Funds	5.0	4.1	0.2
<b>Real Return</b>			
Real Estate	15.0 %	4.9 %	1.1 %
Energy, Natural Resources & Infrastructure	6.0	4.8	0.4
Commodities	0.0	4.4	0.0
<b>Risk Parity</b>			
Risk Parity	8.0 %	4.5 %	0.4 %
<b>Asset Allocation Leverage</b>			
Cash	2.0 %	3.7 %	0.0 %
Asset Allocation Leverage	(6.0)	4.4	(0.1)
Inflation Expectation			2.3
Volatility Drag ****			(0.9)
<b>Total</b>	100.0 %		8.0 %

\* Absolute Return includes Credit Sensitive Investments.

\*\* Target allocations are based on FY2023 policy model.

\*\* Capital Market Assumptions come from Aon Hewitt (as of 6/30/2023).

\*\*\* The volatility drag results from the conversion between arithmetic and geometric mean returns.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 18 – DEFINED BENEFIT PENSIONS PLAN (continued)**

**F. Discount Rate Sensitivity Analysis**

The following table presents the net pension liability of the plan using the discount rate of 7.00%, and what the pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate.

	<b>Discount Rate</b>		
	<u>1% Decrease Discount Rate (6.00%)</u>	<u>Discount Rate (7.00%)</u>	<u>1% Increase in Discount Rate (8.00%)</u>
District's proportional share of the net pension liability	\$ 558,650,308	\$ 373,665,294	\$ 219,850,156

**G. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At August 31, 2024, the District reported a liability of \$373,665,294 for its proportionate share of the TRS net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 373,665,294
State's proportionate share that is associated with the District	505,948,034
Total	<u><u>\$ 879,613,328</u></u>

The net pension liability was measured as of August 31, 2022, and rolled forward to August 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2022, thru August 31, 2023.

On August 31, 2023, the employer's proportion of the collective net pension liability was 0.5440% which was an increase of 0.0401% from its proportion measured as of August 31, 2022.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 18 – DEFINED BENEFIT PENSIONS PLAN (continued)**

**Changes in Assumptions and Benefits since the Prior Actuarial Valuation**

The actuarial assumptions and methods are the same as used in the determination of the prior year’s net pension liability.

The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the net pension liability of TRS. In addition, the Legislature also provided for a cost of living adjustment (COLA) to retirees which was approved during the November 2023 election which will be paid in January 2024. Therefore, this contingent liability was not reflected in the liability measurement as of August 31, 2023.

For the year ended August 31, 2024, the District recognized pension expense of \$74,021,300 and revenue of \$76,393,776 for support provided by the State.

On August 31, 2024, the District reported its proportionate share of the TRS deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference between expected and actual actuarial experience	\$ 13,313,821	\$ (4,524,678)
Changes in actuarial assumptions	35,341,418	(8,648,851)
Net difference between projected and actual earnings on pension plan investments	54,377,371	
Changes in proportion and difference between District contributions and proportionate share of contributions	33,589,482	
District contributions subsequent to the measurement date	31,054,212	
Total	<u>\$ 167,676,304</u>	<u>\$ (13,173,529)</u>

Deferred outflows of resources resulting from District contributions subsequent to the measurement date in the amount of \$31,054,212 will be recognized as a reduction of the net pension liability in the year ending August 31, 2025.

The net amounts of the employer’s balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ending August 31,</u>	<u>Pension Expense Amount</u>	<u>Balance of Deferred Outflows (Inflows)</u>
2025	\$ 28,272,394	\$ 95,176,169
2026	19,867,867	75,308,302
2027	52,962,700	22,345,602
2028	18,801,011	3,544,591
2029	3,544,591	
Thereafter		
	<u>\$ 123,448,563</u>	

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 19 – DEFINED OTHER POST-EMPLOYMENT BENEFIT PLAN**

**A. Plan Description**

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing, defined benefit Other Post-Employment Benefit (OPEB) plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code, Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

**B. OPEB Plan Fiduciary Net Position**

Detail information about the TRS-Care’s fiduciary net position is available in the separately issued TRS Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at [http://www.trs.texas.gov/Pages/about\\_publications.aspx](http://www.trs.texas.gov/Pages/about_publications.aspx) ; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

**C. Benefits Provided**

TRS-Care provides health insurance coverage to retirees from public and charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table.

<b>TRS-Care Plan Monthly Premium Rates</b>				
	<u>Medicare</u>		<u>Non-Medicare</u>	
Retiree or Surviving Spouse	\$	135	\$	200
Retiree and Spouse		529		689
Retiree or Surviving Spouse and Children		468		408
Retiree and Family		1,020		999

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 19 – DEFINED OTHER POST-EMPLOYMENT BENEFIT PLAN (Continued)**

**D. Contributions**

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and participating employers based on active employee compensation. The TRS Board does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state’s contribution rate which is 1.25% of the employee’s salary. Section 1575.203 establishes the active employee’s rate which is 0.65% of salary. Section 1575.204 establishes a public school contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the employer. The actual public school contribution rate is prescribed by the Legislature in the General Appropriations Act, which is 0.75% of each active employee’s pay for fiscal year 2023. The following table shows contributions to the TRS-Care plan by type of contributor.

<u>Contribution Rates</u>	<u>2023</u>	<u>2024</u>
Active Employee	0.65%	0.65%
Non-employer contributing entity (State)	1.25%	1.25%
District (Employer)	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%

<u>TRS Contributions</u>	<u>Fiscal Year 2024</u>
Active Employee	\$ 4,998,486
Non-employer contributing agency (State)	13,184,385
District (Employer)	6,470,334

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to. When hiring a TRS retiree, employers are required to pay TRS-Care a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$21.3 million in fiscal year 2023 provided by Rider 14 of the Senate Bill GAA of the 87<sup>th</sup> Legislature. These amounts were re-appropriated from amounts received by the pension and TRS-Care funds in excess of the state’s actual obligation and then transferred to TRS-Care.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 19 – DEFINED OTHER POST-EMPLOYMENT BENEFIT PLAN (continued)**

**E. Actuarial Assumptions**

The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the total OPEB liability to August 31, 2023. The actuarial valuation was determined using the following actuarial assumptions:

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The demographic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2021. The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2022 TRS pension actuarial valuation that was rolled forward to August 31, 2023:

Rates of Mortality	Rates of Disability
Rates of Retirement	General Inflation
Rates of Termination	Wage Inflation

The active mortality rates were based on PUB(2010), Amount-Weighted, Below-Median Income, Teacher male and female tables (with a two-year set forward for males). The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2021.

***Additional Actuarial Methods and Assumptions:***

Valuation Date	August 31, 2022, rolled forward to August 31, 2023
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	4.13% as of August 31, 2023
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	2.95% to 8.95%, including inflation
Ad hoc post-employment benefit changes	None

**Health Care Trend Rates** - The initial medical trend rates were 7.75 percent for Medicare retirees and 7.00 percent for non-Medicare retirees. The initial prescription drug trend rate was 7.75 percent for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25 percent over a period of 12 years.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 19 – DEFINED OTHER POST-EMPLOYMENT BENEFIT PLAN (continued)**

**Discount Rate**

A single discount rate of 4.13% was used to measure the total OPEB liability. This was a increase of 0.22% in the discount rate since the previous year.

Because the investments are held in cash and there is no intentional objective to advance fund the benefits, the Single Discount Rate is equal to the prevailing municipal bond rate.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2023, using the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

**F. Discount Rate Sensitivity Analysis**

The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used (4.13%) in measuring the Net OPEB Liability:

	<b>Discount Rate</b>		
	<u>1% Decrease in Discount Rate (3.13%)</u>	<u>Current Single Discount Rate (4.13%)</u>	<u>1% Increase in Discount Rate (5.13%)</u>
District's proportional share of the net OPEB liability	\$ 178,871,722	\$ 151,870,412	\$ 129,836,705

**G. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs**

At August 31, 2024, the District reported a liability of \$151,870,412 for its proportionate share of the TRS’s Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 151,870,412
State's proportionate share that is associated with the District	183,254,996
Total	<u>\$ 335,125,408</u>

The Net OPEB Liability was measured as of August 31, 2022 and rolled forward to August 31, 2023, and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer’s proportion of the Net OPEB Liability was based on the employer’s contributions to OPEB relative to the contributions of all employers to the plan for the period September 1, 2022 thru August 31, 2023.

At August 31, 2023 the employer’s proportion of the collective Net OPEB Liability was 0.6860% which was an increase of 0.0216% from its proportion measured as of August 31, 2022.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 19 – DEFINED OTHER POST-EMPLOYMENT BENEFIT PLAN (continued)**

**G. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (continued)**

The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the health trend rates assumed.

	<b>Discount Rate</b>		
	<u>1% Decrease in Healthcare Trend Rate</u>	<u>Current Single Healthcare Trend Rate</u>	<u>1% Increase in Healthcare Trend Rate</u>
District's proportional share of the net OPEB liability	\$ 125,057,684	\$ 151,870,412	\$ 186,365,079

**Changes Since the Prior Actuarial Valuation** - The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB Liability (TOL) since the prior measurement period:

- The single discount rate changed from 3.91% as of August 31, 2022, to 4.13% as of August 31, 2023, accompanied by revised demographic and economic assumptions based on the TRS experience study.

**Changes of Benefit Terms Since the Prior Measurement Date** – There were no changes in benefit terms since the prior measurement date.

For the year ended August 31, 2024, the District recognized OPEB expense of (\$20,052,560) and revenue of (\$39,176,050) for support provided by the State.

On August 31, 2024, the District reported its proportionate share of the TRS’s deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	<u><b>Deferred Outflows of Resources</b></u>	<u><b>Deferred Inflows of Resources</b></u>
Differences between expected and actual experience	\$ 6,870,985	\$ (127,770,185)
Changes of actuarial assumptions	20,729,204	(92,994,282)
Net difference between projected and actual earnings on OPEB investments	65,617	
Changes in proportion and differences between District contributions and proportionate share of contributions	51,775,321	
District contributions subsequent to the measurement date	6,470,334	
Total	<u>\$ 85,911,461</u>	<u>\$ (220,764,467)</u>

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 19 – DEFINED OTHER POST-EMPLOYMENT BENEFIT PLAN (continued)**

**G. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (continued)**

The \$6,470,334 reported as deferred outflows of resources related to TRS-Care resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending August 31, 2025. The net amounts of the employer’s balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ending August 31,</u>	<u>OPEB Expense Amount</u>	<u>Balance of Deferred Outflows (Deferred Inflows)</u>
2025	\$ (32,693,339)	\$ (108,630,001)
2026	(25,727,713)	(82,902,288)
2027	(16,297,499)	(66,604,789)
2028	(22,206,498)	(44,398,291)
2029	(18,648,734)	(25,749,557)
Thereafter	(25,749,557)	
	<u>\$ (141,323,340)</u>	

**Medicare Part D**

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal years ended August 31, 2024, 2023, and 2022, the subsidy payments received by TRS-Care on-behalf of the District were \$4,143,566, \$3,898,594, and \$2,741,866, respectively. The contributions made on behalf of the District have been recorded in the financial statements of the District as both revenue and payroll expenditure.

**Compensated Absences**

The District pays one-half of the locally accumulated sick leave and state leave days up to a maximum of 90 accumulated days to employees who retire with five or more years of continuous employment in the District and who retire from the state Teacher Retirement System. The majority of the payments are administered through Public Agency Retirement Services (PARS). During 2024, \$1,141,053 was disbursed to 113 members. No assets are being held or accumulated for future distribution. The District has accrued \$38,771,985 in the Government-wide Financial Statements to pay for compensated absences.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 20 – RISK MANAGEMENT**

The District is exposed to various risks related to torts: theft of, damage to and destruction of assets, errors and omissions, natural disasters, health and welfare of employees for which the District carries commercial insurance or self-insures.

**Property, Casualty, General Liability, Professional Liability, and Unemployment**

The District purchases commercial insurance for property loss with limits of \$250 million and \$50 million for named windstorms. The policy covers up to \$50 million per year for flood losses. In addition, the policy covers \$5 million for the one property currently in a flood plain. Casualty risks are insured by a risk pool through an Interlocal agreement with Texas Association of School Boards (TASB) Risk Management Fund, with limits of \$1 million per occurrence and \$3 million aggregate for commercial general liability and a \$0.5 million combined single limit automobile policy. Professional liability risks are insured with limits of \$3 million in the aggregate. Within these policy limits, the District's exposure is limited to deductibles.

In addition to purchasing insurance for property, casualty, and liability risks, the District is a member of the Texas Association of School Board Risk Management Fund Property/Casualty Joint Account, a public entity risk pool. The District uses the risk pool for its unemployment insurance coverage. The District's participation in the risk pool is limited to payment premiums for its unemployment coverage. The risk pool is fully funded through annual premiums, and excess loss policies are purchased by the pool as considered necessary.

In the past three years, there has been one claim settled that exceeds insurance which was attributable to Winter Storm Uri. The District had damage to some facilities but it did not have a substantial negative effect on the operations of the District. The District received \$2.5 million in insurance proceeds and has a \$90,000 receivable from the Federal Emergency Management Agency (FEMA) as of August 31, 2024.

**Health Insurance**

Effective January 1, 2004, the District established a partially self-insured program for health insurance coverage. Contributions are paid from all governmental funds to the Health Insurance Internal Service Fund from which all claims and administrative expenses are paid. Claims administration and consulting services are provided to the District through a third-party administrator.

An accrual for incurred but not reported claims in the amount of \$5.9 million has been recorded in the fund as of August 31, 2024. Claims payable, including an estimate of claims incurred but not reported, was actuarially determined based on an estimate of the remaining liability of known claims.

The general fund provided a supplement to the health fund in the amount of \$17.5 million in fiscal year 2024.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 20 – RISK MANAGEMENT (continued)**

**Health Insurance (continued)**

At August 31, 2024, the fund had net position of \$4,095,661. Because of past history and the method of calculation, the District considers all claims to be current liabilities. Changes in incurred but not paid claims liability for the fiscal years ended August 31, 2024 and 2023 are as follows:

	<b>Health Insurance</b>	
	<b>2024</b>	<b>2023</b>
Beginning Accrual	\$ 8,047,000	\$ 7,346,000
Current Estimates	70,513,843	68,925,834
Payments for Claims	(72,629,143)	(68,224,834)
Ending Accrual	<u>\$ 5,931,700</u>	<u>\$ 8,047,000</u>

**Workers' Compensation**

The District established a limited risk management program for Workers' Compensation in 1992 by setting up the Workers' Compensation Internal Service Fund to account for its insured and self-insured risk of loss.

The Internal Service Fund charges the General Fund and Special Revenue Funds on the basis of payroll incurred by each fund in order to provide for Workers' Compensation claims of District employees. The ending retained earnings balance in the Internal Service Fund has been accumulated by the District's management to reserve for losses which may be incurred under its partially self-insured plan. The Internal Service Fund services all claims for risk of loss to which the District is exposed.

Workers' Compensation liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but were not reported until after August 31, 2024. Because of past history, the District considers all claims to be current liabilities. Because actual claims liabilities depend on such complex factors as inflation, changes in legal requirements and impairment benefits, the process used in computing claims liability results in an estimate. Claims liabilities are re-evaluated periodically to take into consideration recently closed claims, the frequency of claims, and other economic and social factors.

Claims liability activities for 2024 compared to 2023 are as follows:

	<b>Workers' Compensation</b>	
	<b>2024</b>	<b>2023</b>
Beginning Accrual	\$ -	\$ 417,616
Current Estimates	991,869	1,148,985
Payments for Claims	(991,869)	(1,566,601)
Ending Accrual	<u>\$ -</u>	<u>\$ -</u>

At August 31, 2024, the District had \$4.1 million in cash available for payment of Workers' Compensation claims. The District has also purchased an excess Workers' Compensation policy for coverage relating to excessive Workers' Compensation claims. The District has a \$550,000 Self-Insured Retention (SIR) per any one occurrence. The policy has an obligation to pay all costs required by the Texas Workers' Compensation Act in excess of the District's SIR for each workers' compensation occurrence.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 21 – ARBITRAGE**

In accordance with the provisions of Section 148(f) of the Internal Revenue Code of 1986, as amended, bonds must satisfy certain arbitrage rebate requirements. Positive arbitrage is the excess of 1) the amount earned on investments purchased with bond proceeds over 2) the amount that such investments would have earned had such investments been invested at a rate equal to the yield on the bond issue. In order to comply with the arbitrage rebate requirements, positive arbitrage must be paid to the U.S. Treasury at the end of each five-year anniversary date of the bond issue. Based on arbitrage calculations as of August 31, 2024, the District has recorded a liability of \$3.0 million.

**NOTE 22 – JOINT VENTURE SHARED SERVICE ARRANGEMENTS**

The District is the fiscal agent for a Shared Service Arrangement (SSA) which provides services for deaf students of the District, Bellville ISD, Hempstead ISD, Royal ISD and Sealy ISD. All services are provided by the fiscal agent, and funds are received directly by the fiscal agent from the granting agency. According to guidance provided in TEA’s Resource Guide, the District has accounted for the fiscal agent’s activities of the SSA in the appropriate Special Revenue Fund Program and has accounted for these funds using Model 2 in the SSA section of the Resource Guide. Expenditures for the year ended August 31, 2024, of the SSA are summarized below:

	<u>Katy ISD</u>	<u>Bellville ISD</u>	<u>Hempstead ISD</u>	<u>Royal ISD</u>	<u>Sealy ISD</u>
IDEA-B Discretionary, Deaf	\$ 171,249	\$ 1,730	\$ 1,730	\$ 3,460	\$ 1,730
IDEA-C Early Intervention	2,402	24	24	49	24
Regional Day School For the Deaf	567,916	5,737	5,737	11,473	5,737
Local Share, Deaf	1,031,611	10,420	10,420	20,841	10,420
	<u>\$ 1,773,178</u>	<u>\$ 17,911</u>	<u>\$ 17,911</u>	<u>\$ 35,823</u>	<u>\$ 17,911</u>

**NOTE 23 – LITIGATION AND CONTINGENCIES**

From time to time, the District is a defendant in legal proceedings relating to its operations as a school district. In the best judgment of the District’s management, the outcome of any present legal proceedings will not have any adverse material effect on the accompanying financial statements.

**NOTE 24 – SUBSEQUENT EVENTS**

In December 2024, the District issued \$218,785,000 in Unlimited Tax Refunding Bonds, Series 2024. The refunding bonds have an average interest rate of 3.53% and were issued to refund portions of outstanding Series 2014-A, 2015-A, and 2015-B bonds with an average interest rate of 4.65%. The refunding resulted in \$27,432,284 in debt service savings and \$18,036,830 in present value savings.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED AUGUST 31, 2024

**Budgets and Budgetary Accounting**

Each school district in Texas is required by law to prepare annually a budget of anticipated revenues and expenditures for the General Fund, the Child Nutrition Fund, and the Debt Service Fund for the fiscal year beginning September 1. The Texas Education Code requires the budget to be prepared no later than August 20th and adopted by August 31st of each year. The Budgets are prepared on a basis of accounting that is used for reporting in accordance with Generally Accepted Accounting Principles.

The District annually adopts legally authorized appropriated budgets for the General Fund, Debt Service Fund, and Child Nutrition Program.

The District's administration performs budget reviews during the year by which budget requirements are re-evaluated and revisions recommended to the Board. The Board may approve amendments to the budget, which are required when a change is made to any one of the functional expenditure categories or revenue object accounts defined by the TEA. Expenditures may not legally exceed budgeted appropriations, as amended, at the function level by fund. Unexpended appropriations lapse at year-end.

The following procedures were followed in establishing the budgetary data reflected in the Fund Financial Statements:

1. Prior to August 20th, the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days public notice of the meeting must be given.
3. Prior to September 1st, the budget is legally adopted by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Because the District has a policy of careful budgetary control, several amendments were necessary during the year.
4. Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are amended by the Board. All budget appropriations lapse at year end.

During the fiscal year ended August 31, 2024, the District did not have any expenditures over appropriations on all required legally adopted budgets.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO REQUIRED SUPPLEMENTARY PENSION INFORMATION  
FOR THE YEAR ENDED AUGUST 31, 2024

Effective September 1, 2014, employers who did not contribute Social Security for TRS-eligible employees were required to contribute an additional 1.5% of TRS-eligible compensation which nearly doubled the District's contributions into the Plan. Because the District's proportional share of the plan is determined by its proportional share of contributions, the District recognized a corresponding increase in its share of net pension liability.

**Changes in Assumptions**

2023: No change.

2022: The discount rate changed from 7.25% to 7.00%.

2021: The public education employer contribution rate changed from 1.5% in 2020 to 1.6% in 2021.

2020: The state and employer contribution rate changed from 6.8% to 7.5%. The 1.5% public education employer contribution applied to employers whose employees were not covered by OASDI in 2019 and it changed in 2020 to apply to all public schools, charter schools and regional education centers irrespective of participation in OASDI.

2018: The discount rate changed from 8.0% as of August 31, 2017 to a blended rate of 6.907% as of August 31, 2018. The long-term assumed rate of return changed from 8.0% as of August 31, 2017 to 7.25% as of August 31, 2018. Demographic and economic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2017. The total pension liability as of August 31, 2018 was developed using a roll-forward method from the August 31, 2017 valuation.

**Changes in Benefit Terms**

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

**KATY INDEPENDENT SCHOOL DISTRICT**  
NOTES TO REQUIRED SUPPLEMENTARY OTHER POST-EMPLOYMENT  
BENEFIT INFORMATION  
FOR THE YEAR ENDED AUGUST 31, 2024

**Changes in Assumptions**

2023: The discount rate changed from 3.91% as of August 31, 2022 to 4.13% as of August 31, 2023, lowered the participation rates, and updated the healthcare trend rate assumption.

2022: The discount rate changed from 1.95% as of August 31, 2021 to 3.91% as of August 31, 2022, lowered the participation rates, and updated the healthcare trend rate assumptions.

2021: The discount rate changed from 2.33% as of August 31, 2020 to 1.95% as of August 31, 2021.

2020: The discount rate changed from 2.63% as of August 31, 2019 to 2.33% as of August 31, 2020, lowered the participation rate assumption for employees who retire after the age of 65, and lowered the ultimate health care trend rate assumption to reflect the repeal of the excise (Cadillac) tax on high-cost employer health plans.

2019: The discount rate changed from 3.69% as of August 31, 2018 to 2.63% as of August 31, 2019, lowered the participation rates and updated the health care trend rate assumption.

2018: The discount rate changed from 3.42% as of August 31, 2017 to 3.69% as of August 31, 2018, updated the health care trend rate assumption, and revised demographic and economic assumptions based on the TRS experience study.

**Changes in Benefit Terms**

Effective January 1, 2018, only one health plan option will exist (instead of three), and all retirees will be required to contribute monthly premiums for coverage. The health plan changes triggered changes to several of the assumptions, including participation rates, retirement rates, and spousal participation rates. This change in plan benefits significantly lowered the OPEB liability and had an immediate effect on the OPEB expenses recognized by participating entities.

The 85th Legislature, Regular Session, passed the following statutory changes in House Bill 3976 which became effective on September 1, 2017:

- Created a high-deductible health plan that provides a zero cost for generic prescriptions for certain preventive drugs and provides a zero premium for disability retirees who retired as a disability retiree on or before January 1, 2017 and are not eligible to enroll in Medicare.
- Created a single Medicare Advantage plan and Medicare prescription drug plan for all Medicare eligible participants.
- Allowed the System to provide other, appropriate health benefit plans to address the needs of enrollees eligible for Medicare.
- Allowed eligible retirees and their eligible dependents to enroll in TRS-Care when the retiree reaches 65 years of age, rather than waiting for the next enrollment period.
- Eliminated free coverage under TRS-Care, except for certain disability retirees enrolled during Plan Years 2018 through 2021, requiring members to contribute \$200 per month toward their health insurance premiums.

## **SPECIAL REVENUE FUND**

The Special Revenue Fund is used to account for financial resources restricted to or designated for specific purposes by a grantor. Specifically, this type of fund is used to account for the District's Food Service program, including local and federal revenue sources for state and federally financed programs (grants) where unused balances are returned to the grantor at the close of specified project periods, and other revenue specific programs.

**KATY INDEPENDENT SCHOOL DISTRICT**  
SPECIAL REVENUE PROGRAM DESCRIPTIONS  
YEAR ENDED AUGUST 31, 2024

**206 - McKinney Vento/Texas Education for Homeless Children and Youth (TEHCY)** - Funds are to be used to provide supplemental academic and related assistance to facilitate the academic success of students who are in homeless situations.

**211 - Elementary and Secondary Education Act (ESEA) Title I, Part A** - Funds are used on identified campuses to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State performance standards developed for all children.

**224 - Individuals with Disabilities Education Act (IDEA), Part B - Formula** - Funds are used to operate educational programs for children with disabilities. This program also includes capacity building and improvement (sliver) subgrants.

**225 - Individuals with Disabilities Education Act (IDEA), Part B - Preschool** - Funds are used for preschool children with disabilities.

**240 - Nutrition and Food Services** - Funds are used to account for allowable expenditures, as determined under the National School Lunch Act, for the operation and improvement of the Child Nutrition Programs.

**242 - Summer Food Service Program** – Funds are used to account for amounts received from the Texas Department of Agriculture for meals provided to the community based on the average number of daily participants.

**244 - Vocational Education, Carl Perkins Grant** - Funds are used to provide instruction related to career and technology education and to develop new and/or improve career and technology education programs for paid and unpaid employment.

**255 - Elementary and Secondary Education Act (ESEA) Title II, Part A – Supporting Effective Instruction** – Funds are used to increase student academic achievement through improving teacher and principal quality and increasing the number of highly qualified teachers in classrooms and highly qualified principals and assistant principals in schools.

**263 - Elementary and Secondary Education Act (ESEA) Title III, Part A - ELA and Immigrant** - Funds are used to improve the education of limited English proficient children by assisting the children to learn English and meet challenging State academic content and student academic achievement standards.

**278 - Texas Education for Homeless Children and Youth Supplemental – American Rescue Plan (ARP) Act** - Funds are used to provide supplemental academic and related assistance to facilitate the academic success of students who are in homeless situations.

**280 - Homeless II – American Rescue Plan (ARP) Act** - Funds are used to provide supplemental academic and related assistance to facilitate the academic success of students who are in homeless situations.

**282 - Elementary and Secondary School Emergency Relief Fund III (ESSER III) – American Rescue Plan (ARP) Act of 2021** – Funds are used for federal stimulus granted through the ARP Act to address learning loss and the disproportionate impact of the coronavirus on certain student groups, identify and provide homeless children and youth with services in light of challenges of the coronavirus, and enable homeless children and youth to attend school and participate fully in school activities.

**KATY INDEPENDENT SCHOOL DISTRICT**  
**SPECIAL REVENUE PROGRAM DESCRIPTIONS**  
**YEAR ENDED AUGUST 31, 2024**

**289 - Federally Funded Special Revenue** - Funds include the reimbursement of summer school costs for Limited English Proficient Students in Kindergarten and First Grade; Early Childhood Intervention funds which are used to identify and provide needed intervention services for children from Birth to age 3 who are developmentally delayed or appear to be at risk for developmental delay; student support and academic enrichment to improve the academic achievement of all students; special education contracted services; and other federally funded special revenue that has not been specified above.

**315 - Individuals with Disabilities Education Act (IDEA), Part B-Discretionary Deaf, SSA** - Funds are used to support an education service center basic special education component and also targeted support to LEAs, Regional Day School Programs for the Deaf, private residential placements, priority projects, and other emerging needs.

**340 - Individuals with Disabilities Education Act (IDEA), Part C, Early Intervention, SSA** - Funds are used to assist local Regional Day School for the Deaf programs and the Texas School for the Deaf in providing direct services to hearing impaired infants to toddlers ages birth through two years of age. The program also provides supplemental and appropriate services to eligible students that are provided by a certified and trained teacher.

**385 - State Supplemental Visually Impaired** - Funds are used to provide educational assistance to visually impaired students.

**397 - Advanced Placement Incentive** - Funds are used for training for eligible teachers who complete TEA-approved workshops.

**410 - Instructional Materials Allotment** - Funds are used to provide instructional materials awarded under the textbook allotment.

**429 - State Funded Special Revenue Programs** - Accounts for state funded special revenue that has not been specified above.

**435 - Regional Day School for the Deaf, SSA** - Funds are used for staff and activities of the Regional Day School Program for the Deaf (RDSPD).

**455 - Local Share Regional Day School for the Deaf, SSA** - Funds are used to account for excess costs of services provided to hearing impaired students ages birth through twenty-one.

**461 - Campus Activity Funds** - Funds are used for activities benefiting students and staff.

**480 - Locally Funded Special Revenue Programs** - Locally funded special revenue programs not specified above.

**495 - Tax Increment Reinvestment Zone** - Funds are used to account for tax increment revenues, in excess of bond payments, restricted for expenditures within the reinvestment zone.

**499 - Katy ISD Education Foundation Grants** - Funds will be used to provide resources to enrich teaching, inspire learning, and enhance opportunities for students enrolled in Katy ISD.

## **COMPLIANCE SCHEDULES**

**KATY INDEPENDENT SCHOOL DISTRICT**  
**SCHEDULE OF REQUIRED RESPONSES TO SELECTED**  
**SCHOOL FIRST INDICATORS**  
**YEAR ENDED AUGUST 31, 2024**

Exhibit L-1

SF1	Was there an unmodified opinion in the Annual Financial Report on the financial statements as a whole?	Yes
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning nonpayment of any terms of any debt agreement at fiscal year end?	No
SF3	Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?	Yes
SF4	Was the school district issued a warrant hold? Even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days, the school district is considered to have been issued a warrant hold.	No
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls over reporting and compliance for local, state, or federal funds?	No
SF6	Was there any disclosure in the Annual Financial Report of material noncompliance for grants, contracts, and laws related to local, state, or federal funds?	No
SF7	Did the school district post the required financial information on its website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules that were in effect at the school district's fiscal year end?	Yes
SF8	Did the school board members discuss the school district's property values at a board meeting within 120 days before the school district adopted its budget?	Yes
SF9	Total accumulated accretion on capital appreciation bonds included in government-wide financial statements at fiscal year-end	\$ -

## **STATISTICAL SECTION (UNAUDITED)**

The statistical section of the Katy Independent School District's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's economic condition and overall financial health. To assist financial statement users, the information contained within this section is categorized as follows:

### **Financial Trends Information**

These schedules contain trend information to show how the District's financial performance and position have changed over time.

### **Revenue Capacity Information**

These schedules contain information to help assess the factors affecting the District's most significant local revenue source, the property tax.

### **Debt Capacity Information**

These schedules present information to help assess the affordability of the District's current debt burden and its ability to issue additional debt in the future.

### **Demographic and Economic Information**

These schedules provide demographic and economic indicators to help in understanding the environment in which the District operates and to facilitate in comparisons over time.

### **Operating Information**

These schedules provide information about the District's operations and resources to assist in using the financial statement information to better understand and assess the District's economic condition.

## **FINANCIAL TRENDS INFORMATION**

These schedules contain trend information to assist users in understanding how the District's financial position has changed over time.

- PUD - Public Utility District
- LID - Land Improvement District
- RID - Road Improvement District
- DD - Development District
- WC & ID - Water Control & Improvement District

(1) The percentage of overlapping debt is estimated using taxable assessed property values. Percentages were estimated by determining the portion of the overlapping taxing authority's taxable assessed value that is within the District's boundaries and dividing it by the overlapping taxing authority's total taxable assessed value.
