NOTES

- Students enrolled in AP classes are strongly encouraged, but not required, to participate in AP Exams. The exam has no bearing on your high school course grade.
- By State law, scores of 3, 4, or 5 on AP exams are accepted for credit at Texas public colleges and universities. Other institutions have their own policy on awarding college credit or advanced standing.
- Schools won't receive printed copies of the “Bulletin for AP Students and Parents.” All information for students and parents is provided online.
- For general information about AP, students can go to apstudents.org.
- A “yes” clicked for student exam decision indicator within the College Board account does not mean a test is ordered. **The only way an AP test is ordered is if payment for the AP test has cleared within Total Registration.**

Students are responsible for checking the policy for accepting AP scores at the college or university they plan to attend. They can contact the university or visit College Board's website for information at <http://www.collegeboard.com>
