

# Classroom Materials Check Out Procedure

Reading Language Arts (RLA) Classroom libraries allow students immediate access to independent reading material, which supports the Reading Language Arts Texas Essential Knowledge and Skills. Secondary students have the option to check out books from their English teacher's classroom library. Please note that beginning this past Monday, November 7, prior to a student being able to check out an ELA classroom library book, parental consent will be required. Parents are now able to access the Katy ISD Parent Option Portal, located in MyKaty Cloud, to provide consent for their secondary student to check out books from their English teacher's classroom. If parents do not provide consent via the Parent Option Portal, their secondary student will be unable to check out an ELA classroom library book. Please contact your student's RLA teacher for more information!
