### HOME ACCESS CENTER:

What is the HAC (Home Access Center)? The Home Access Center (HAC) is an application for parents to view their student's grades, assignments, and various other details about their schoolwork. There is also contact information that can be edited by the parent.

### How do parents get to the Home Access Center?

**1. Go to [www.katyisd.org](http://www.katyisd.org)** – in the top right hand corner you will find the Home Access Center link.

**2. Then the parent can login** by either clicking on the picture link: Or by clicking the "Login" link on the right of the page: The parent will then use the Username on the Home Access Center (HAC) letter distributed by the campus, and Password that they set up themselves.

**3. Where do I get my login and password for the HAC?** When you enroll your child, the registrar can provide you with a HAC (Home Access Center) letter that will give you instructions and a login Username. The parent will have to set up the password themselves by using the Password Self- Service tool at <http://passwordreset.katyisd.org>

### 4. What are Security Questions?

If you are setting up your password for the first time, you will be asked to provide 3 security questions and answers. The questions allow you to reset your password if you have forgotten that information.

## **Objecting to The Release of Directory Information**

The Family Educational Rights and Privacy Act (FERPA) permits the district to disclose appropriate designated "directory information" from a child's education records without written consent. "Directory information" is information that is generally not considered harmful or an invasion of privacy if released. This "directory information" will be released to anyone who follows procedures for requesting it; however, a parent or eligible student may object to the release of a student's directory information. This objection must be made in writing to the principal.

### 1. What information does Katy ISD consider "directory information?"

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want Katy ISD to disclose directory information from your child's education records without prior written consent, you must notify the district in writing within two weeks of enrollment. Katy ISD has designated the following information as directory information:

- Student name
- Address
- Grade level
- Primary telephone listing
- Photograph
- Dates of school attendance
- Most recent educational institution attended
- Participation in officially recognized activities and sports
- Honors and awards received
- Weight and height of members of athletic team

### 2. Is directory information confidential?

Directory information on a student, as defined above, is not confidential unless a parent/guardian indicates that it should be made so. This is the reason that parents/guardians are asked to select a privacy code at the beginning of each school year. The privacy code chosen informs the District as to what, if any, directory information about a child is to be released.

### 3. What are the privacy code options from which a parent/guardian can choose?

There are three privacy codes from which a parent/guardian may choose: Y-Yes, O-Other, and N-No. Parents who do not fully register through Power School will default to the "N-No" code. Please refer to the chart for the implications of each code.

<b>Privacy Code Selections and Implications</b>	<b>"Y" Yes</b>	<b>"O" Other</b>	<b>"N" No</b>
School-Confined Publications	YES	YES	NO
Programs for Performances	YES	YES	NO
Yearbook (name and individual, class or candid pictures)	YES	YES	NO
Professional School Group or Class Photos	YES	YES	NO
Officially-designated vendors for school-related purposes	YES	YES	NO
The Public: Anyone making a public information request	YES	NO	NO
News Releases	YES	NO	NO
School Directories	YES	NO	NO
School Publications (Available to Public)	YES	NO	NO
District/Campus Webpage	YES	NO	NO
Photographs Released to the Public	YES	NO	NO
Social Media Platforms	YES	NO	NO
Private, Virtual Learning Platforms	YES	YES	YES

### 4. Under what circumstances may directory information be released?

Katy ISD is required to provide information to any member of the public who asks for it under the Texas Public Information Act unless the parent selects a privacy code of "N-No" or "O-Other."

### 5. Is a privacy code selection confidential?

Yes. A privacy code selection made by a parent/guardian is confidential and is only released to employees who have a legitimate need to know, under the law.

### 6. Is it possible for a parent/guardian to change their student's privacy code during the course of the year?

Parents/guardians do have a right to change their student's privacy code. However, it is not recommended that parents/guardians change their student's privacy code after the school year has started because most campuses have a process in place whereby teachers are expected to become knowledgeable about the privacy codes of their individual students so that they can adhere to these codes consistently. Additionally, the District has no ability to recall information that was released prior to a change of code.

### 7. How can a parent/guardian prevent their student's directory information from being released to an outside third-party?

Katy ISD, as stated previously, is required to provide information to any member of the public who asks for it under the Texas Public Information Act unless the parent selects a privacy code of "N - No" or "O - Other."
